AP Students

If you are currently enrolled in an ongoing AP (Advanced Placement) course in English, math or foreign language, you should complete the placement tests since the late arrival of AP scores (end of June or later) prevents the posting of AP involvement on student records prior to your Odyssey date.

Already sent us your score? If you have taken an AP test in English, math or foreign language prior to your senior year and earned a 3 or better, you do not need to take the placement test in that subject. However, please read below for specific information regarding AP English Literature & Composition and AP Statistics.

Still need to send us your scores? If you have not sent us your AP scores, please visit www.collegeboard.com for more information.

Please use the tables below to determine if a placement test is needed for each subject based on the score you received on the AP exam. For a complete AP credit chart, please visit <http://www.uwosh.edu/admissions/parents-counselors/documents/AP%20Credit%20Chart.pdf>
