

March 2010

Revised Credit Transfer Agreement:

**University Of Wisconsin Oshkosh
College Of Education and Human Services
Bachelor of Science Degree in Human Services Leadership
and
College of Southern Idaho
Associate of Applied Science Degrees:
Addiction Studies
Human Services
Law Enforcement
Sign Language**

Introduction and Rationale:

This document represents a revision to the original Agreement between the University of Wisconsin Oshkosh and College of Southern Idaho (CSI). The revisions include the addition of two new associate degree majors as well as an increase in the number of transfer credits allowed. These changes reflect the terms of similar agreements between UW Oshkosh and other two year colleges, and are intended to provide increased opportunities for students who desire to enter a bachelor's degree completion program. This revised Agreement specifies the transfer of credit from the Associate Degrees named above to the Bachelor of Science Degree in Human Services Leadership at UW Oshkosh, in recognition that these Associate Degree programs prepare students for admission to this bachelor's degree program. The underlying assumption for this Agreement is that the College programs provide a foundation of occupational courses and the University provides the upper-level courses required within the Human Services program.

Conditions:

The terms of transfer of this credit transfer agreement apply only for the purposes of entry to the Bachelor of Science degree in Human Services program at UW Oshkosh. College of Southern Idaho students admitted to UW Oshkosh under the terms of this agreement who subsequently elect to pursue a degree and major other than the Bachelor of Science degree in Human Services will find the transfer of credit does not apply outside of this program.

Students from CSI must have completed one of the above-named Associate degree programs with a cumulative grade point average of at least 2.75/4.0 for consideration for transfer under the terms of this document. This agreement does not apply to CSI students who have completed only a portion of the required course work for either of the degrees named above.

Transfer of Credit:

The Bachelor of Science degree in Human Services Leadership program at UW Oshkosh will accept a maximum of 45 block credits based on only the technical (non-general education) courses for the program in question. General education course credits MAY also transfer in as determined by the UW Oshkosh Transfer Office.

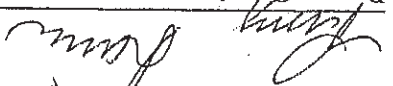

Course Waiver:

In addition to receiving the transfer of credit noted above, students who completed an internship as part of their CSI Associate Degree program would not be required to take Human Services 325, Intermediate Internship. Students receiving such a waiver would take another course in order to satisfy the credit requirement for the degree.

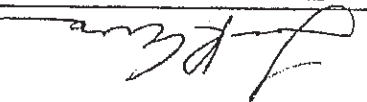

Effective Date :

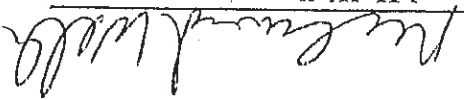

This Agreement is effective Fall semester 2010, and supercedes all others related to the Human Services program. The terms and conditions herein will be reviewed for possible revision by Fall semester 2015 or sooner as may be necessitated by curriculum changes; adequate notice will be provided with regard to any such revisions.

Approvals - UW Oshkosh

Penny Garcia
Chair, Department of Human Services
and Professional Leadership

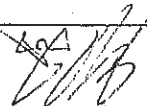

Fred Yeo
Dean
College of Education and Human Services

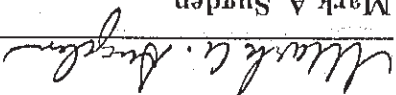

Lane Earns
Provost and Vice Chancellor

Richard H. Wells
Chancellor

Date: 5-25-10
