The following guide is intended to assist you in planning for your eventual transfer to and graduation from UW Oshkosh. This guide includes only the requirements that can be completed at the UW Colleges. It is not a requirement, nor always advisable, to complete all courses listed in this guide prior to transfer. For a full list of requirements refer to the additional resources included in the pages below. Note that this guide is an advisory tool only and subject to change.

UW OSHKOSH ADMISSION

☐ Submit the UW System application, available online at: http://apply.wisconsin.edu.
☐ Send official transcripts from all post-secondary institutions attended.
☐ Send official high school transcripts if fewer than 30 transferable college credits have been earned.

COLLEGE OF BUSINESS ADMISSION

College of Business Admission Requirements
- Professional Development portfolio (See https://uwosh.edu/cob/academic-programs/admission-to-the-college/portfolio/ for details).
- 2.5 minimum combined GPA and 44 credits completed
- Completion of all Pre-Core courses with a C or better (see list below)
- Application deadlines: May 20th for the Fall term and December 20th for the Spring term.

**BUS 201 transfers as BUS 206 & ACCT 208 at UW Oshkosh. ACCT 208 is not a pre-core course, but it is a foundational course for Finance, Accounting & Management majors. BUS 204 transfers as BUS 207 and BUS Elective credit at UW Oshkosh.

Students may take up to 21 credits of upper-level Business courses without admission to the College of Business if other course prerequisites have been met, including a 2.5 cumulative GPA.
TRANSFER TIPS

- Students can earn the AAS and then transfer to UWO without adding time to degree if the student is also completing pre-business courses as part of their AAS requirements.
- Start on math as soon as possible since many pre-business courses have a math pre-requisite.
- BUS 101 – Introduction to Business will transfer to UWO but is not required for business majors. It is a helpful exploratory course for students considering business.
- Students only need one additional social science, aside from ECON 204 & 206.
- The pre-business courses are heavy in math so it is recommended that students try to integrate them with other University Studies Program requirements during the first two years.
- Find out if your UW College offers a business club and get involved! If you attend a business club meeting, be sure to document this with our Club Verification Form for your Professional Development portfolio.
- UW College students are welcome to attend all UWO career fairs. All business students must attend one fair as part of the Professional Development portfolio requirements. See https://career.uwosh.edu/ for dates.
- All business core requirements and major requirements can be found here.

UNIVERSITY STUDIES PROGRAM & DEGREE REQUIREMENTS

Students who transfer with the Associate of Arts and Science degree will have met the University Studies Program (USP) or general education requirements, but NOT necessarily the degree requirements for the BBA. The requirements are combined in this guide to help illustrate the most efficient course selections.

AAS – Indicates a course or requirement where the Associate of Arts and Science degree and the UWO Oshkosh requirements overlap.

WRITING
Cumulative 2.0 GPA required in the two writing courses. If only ENG 102 is completed, students must earn a C or higher.

NOTES

University Studies Program (USP)
The University Studies Program (USP) is the new definition of general education at UW Oshkosh designed to help students reap the maximum benefits from their college education. Transfer students will participate in USP at varying degrees based upon the number of credits transferred into the university.

0-14 Credits – You’re still considered a first-year student and will be able to participate in all USP Quest and Connect courses. Any courses you’ve taken previously will continue to transfer to UW Oshkosh, but the names of courses or course categories may differ slightly.

15-59 Credits – To help you get situated on campus you’ll engage in a Transition Year Experience. You will enroll for USP 200, which is a 0 credit course and only meets once a week for the first two weeks of the semester.
This will help you learn what UWO has to offer, show you what resources are available and introduce you to new people.

60+ Credits – Because you have more than 60 credits, you are not required to take the Quest sequence of courses or the Transition Year Experience. Admissions will determine which courses transfer and identify any courses you may need to complete.

If you’ve already completed an approved associate degree, your USP requirements are automatically fulfilled.

Please note that in addition to USP requirements, you are responsible for specific requirements related to your major, minor (if any) and degree. Transfer counselors or academic advisers will assist you along the way in understanding these requirements.

Other Notes

✓ In a few instances, courses are designated differently at the UW Colleges than they are at UWO in terms of general education (i.e. HU becomes SS in transfer). In these instances the student can often choose to accept the UWO designation, or have the UWC designation honored. Changes cannot be made until after UWO admission, and it is always best to discuss these changes with an academic advisor first.

✓ The official UW Oshkosh GPA will be calculated using only UW Oshkosh credits earned. Credits transferred to UW Oshkosh are recognized, but the grades are not included in the official UW Oshkosh GPA. For various university-level honors designations students will have to earn at least 60 credits at UW Oshkosh and only those Oshkosh grades are considered. The official transcript will display the official UW Oshkosh GPA, UW Oshkosh course work and transfer course grades that will not be included in the official UW Oshkosh GPA.
