

**COLLEGE OF LETTERS AND SCIENCE**  
**Bachelor of Science (BS)**  
*General Education / Degree Requirements*

*(Applicable only to students using the Fall 2012 Bulletin or later.)*

---

*All Bachelor of Science students must satisfy general education requirements set by the College of Letters & Science and satisfy the math and natural science specific to the Bachelor of Science degree.*

1. Complete a minimum of 42 credits of general education; please consult your STAR for appropriate courses in each category
2. Complete or place beyond Math 104 (College Algebra)
3. Complete an academic major and, *if required*, an academic minor
4. Achieve the specified, minimum *cumulative* grade point average as required by the declared major and meet course grade requirements and within major/minor
5. Complete a minimum of **120** degree credits with a minimum grade point average of 2.0 across all attempted credits
6. Complete **35** upper level credits (300 and 400 level course work) with a grade point average of 2.0
7. Earn a 2.0 grade point average in all courses applicable to the university's general education English composition requirement
8. All courses must have General Education designation as listed on STAR (i.e. (HU), (SS), (NW), etc.)

**Please note...**

***This planning guide is designed to help you understand the general education / degree requirements for the Bachelor of Science degree. It is your responsibility to understand these requirements. For assistance in understanding your STAR please contact the Undergraduate Advising Resource Center or the PAL office in Scott Hall.***

***For an official statement of your individual progress to degree, please use Titan Web to access your STAR (degree audit). Always select "get a new STAR" when printing your STAR in preparation for your advising appointment.***

Notes: 1) If you have earned an associate or baccalaureate degree at a UW College or University, see your UARC advisor regarding requirements that may have already been met. 2) An (H) indicates a University Honors Program approved course.

**This planning guide is designed to help you understand the general education / degree requirements for the Bachelor of Science degree. It is your responsibility to understand these requirements and read your STAR.**
