Summer Course Options / Transfer Resources

Many UWO students choose to take a summer course closer to home to stay on track for graduation. Popular options include UW Independent Learning (UW IL)*, UW Colleges Online, and other 2 or 4 year UWs or Wisconsin Technical Colleges (WTC). Students and advisors can use the resources below to learn how courses from other schools will transfer back to UWO.

(NOTE: Most course/equivalency changes due to restructuring will not go into effect until Fall 2019 so options listed in TIS still apply for summer.)

Transfer Information System (TIS): Course equivalencies for all UW and WTC System institutions; <https://www.wisconsin.edu/transfer/wizards/>

Steps to use TIS:

1. Click on "Reverse Lookup Wizard" to search for course options to meet a specific requirement. ("Course Wizard" can be used when a student has a specific course in mind from another institution and wants to see if/how it will transfer to UWO.)

2. Select a "Transfer From" institution (where the student plans to take the course) and select UW Oshkosh as the "Transfer To" institution.
3. Select the UWO department of the course/requirement the student is interested in taking.
4. The next screen will display each course that will transfer to UW Oshkosh in that specific UWO department. There are various keys and special condition codes provided that can be decoded using a legend at the bottom of the report.
 - If a student is unhappy with the transfer articulation or it doesn't seem quite right, feel free to send the student to the chair of the respective department to have a conversation about their particular situation.

Oshkosh Transfer Information System (OTIS): Course equivalencies for Wisconsin private and some out-of-state institutions; <https://admissions.uwosh.edu/how-to-apply/transfer/otis/>

This website provides step by step instructions on using the tool. If you are unable to find information about a particular class, the best course of action is to have the student follow up with the chair of the respective department for more information.

Summer Enrollment Instructions: This podcast will help guide students through the process of selecting and enrolling in summer courses whether on the UWO campus or elsewhere. Feel free to share the podcast link with students; <https://www.youtube.com/watch?v=0gFi2SYrP80>

*Students choosing to take courses through UW Independent Learning can tie those courses to their Spring or Fall semester for tuition purposes. Students can have their UW IL tuition waived as long as they are enrolled in at least 12 credits at UW Oshkosh and do not exceed 18 credits with the UW IL course in a given term. Students have 6 months from registration to complete UW IL courses (a 6 month extension is available if students need it). This option may benefit some students as it gives them the opportunity to complete a higher number of credits, but lets them spread the credit load out over a period of time. If you meet with a student that is interested, please send them to the UARC during drop-in hours (see listed hours on our webpage: <https://advising.uwosh.edu/office-appointment-hours/>); an advisor will help the student complete the tuition waiver form.

Early Alert Dates

Grading for the Spring 2019 Early Alert campaign will be March 7-12.

An e-mail with detailed instructions and a unique link to your grade rosters will be sent to you on March 7.

Read the FAQs carefully (https://docs.google.com/document/d/1GyyRuQ7zhIk6xyjGBbQJcPMMM_0lW0spRDiyRmoESjA/edit?usp=sharing). The FAQs address common errors and provide workarounds for some of the features that are new since moving the process into the Student Success Gateway (SSG) last fall.

The UARC needs your help – We are hiring PALs!

The UARC is delighted to be hiring Peer Advising Liaisons (PALs) for the 2019-2020 academic year!

Are there advisees that stand out in an appointment? Encourage them to apply! First year students are encouraged to apply. Transfer students are encouraged to apply as many of our best PALs are transfer students!

This position is great for students in ANY major. PAL skills are transferable!

We appreciate you personally contacting students that would be excellent PALs.
