

SUMMER ADVISING INFO - WEEK 2

Hello,

During your Titan Takeoff day, you used TitanWeb and College Scheduler to enroll in your fall semester. You also learned and downloaded the Navigate app. We strongly encourage you to use Navigate because it provides additional support and resources for success at UWO.

HIGHLIGHTS OF THE NAVIGATE PORTAL:

- Create To Do Lists
- Schedule appointments with advisors
- View your advising appointment summaries and reports
- Connect with study buddies
- Find contact information for advisors & professors
- View your class schedule

You can access Navigate via your app and on the web. This is a great website to review to see how you can use both options for different things - <https://uwosh.edu/resources/navigate/students/>

We encourage you to go to Navigate now! You will find your advising worksheet from Titan Takeoff in your "REPORTS".
