RELATED EXPERIENCE

Wisconsin Department of Natural Resources (DNR)

Shiocton, WI

DNR Deer Research Project Volunteer

March 2019 - March 2019

- Completed over 100 volunteer hours by observing and supporting a team of 10 employees with daily deer drop netting procedures
- Gathered data about deer population to direct state herd harvest goals

Vilas County Land and Water Conservation Department

Eagle River, WI

Clean Boats Clean Waters Program Intern

May 2018 - August 2018

- Surveyed boaters of all ages at boat landings about aquatic invasive species, sometimes in challenging environmental conditions
- Performed boat and trailer inspections to test boater compliance with all laws pertaining to transport of bait and invasive species, adequately handling disgruntled people
- Established relationships with hundreds of boaters by amassing over 425 hours of inspections during fishing tournaments, weekends and other high boat traffic hours
- Entered survey data and hours logged into DNR Surface Water Integrated Monitoring accurately and in a timely manner
- Communicated program data to manager on a weekly basis using SWIMCS System to identify progress towards program strategic goals
- Educated public through outreach and answered inquiries about bait and invasive species transportation laws and distributed educational information to boaters
