Internship Program Annual Report 2019-2020

The University of Wisconsin Oshkosh College of Business requires students to compliment their academic studies with practical business experience. With professional internships, the internship program connects students to employers both domestic and abroad.

Through this program, we collect student internship data from the academic year (fall 2019, spring 2020, summer 2020) and provide resources and knowledge to current students, faculty, and corporate partners.

265

Students earned credit for co-ops and internships

152
