

# Internship Program Annual Report 2020-2021

The University of Wisconsin Oshkosh College of Business requires students to complement their academic studies with practical business experience. The internship program connects students to employers both domestic and abroad. Through this program, we collect student internship data from the academic year (fall 2020, spring 2021, summer 2021) and provide resources and knowledge to current students, faculty, and corporate partners.
