

PRAXIS II and ACTFL

The **PRAXIS II** or **ACTFL** tests are required if your combined GPA is below a 3.0 prior to student teaching. These assessments focus on your knowledge of the subject matter you will be teaching. You should register to take this test once you have completed most of your content preparation and feel competent with your subject matter. These are not easy tests and do require preparation.

Plan ahead to register for the test early enough to allow for the possibility of retesting. UWO will not be able to recommend you for a teaching license if you do not pass the appropriate content assessment.

IT IS THE STUDENT'S RESPONSIBILITY TO REGISTER FOR THE CORRECT SUBJECT AREA TEST(S). IF YOU ARE UNSURE OF WHAT TEST(S) TO REGISTER FOR, PLEASE CONTACT teachered@uwosh.edu

PRAXIS II

PRAXIS II tests are provided in many content areas. The second page of this document provides a list of subject areas and PRAXIS II test numbers. The minimum passing score is also listed.

Educational Testing Service (ETS) administers these tests. Please visit the ETS website at www.ets.org/praxis for registration information, practice tests and specific test dates. Some tests are offered continuously while other are offered in testing windows that occur several times a year. You may take the Praxis II exam at any test site in Wisconsin where the test is being offered. Test dates fill up quickly. **When completing registration information, please have scores sent to the University of Wisconsin Oshkosh. Our Recipient Code # is 1916.**

ACTFL

Foreign Language Majors and Minors are required to take the American Council on the Teaching of Foreign Languages (ACTFL) tests for Teacher Licensure. Language Testing International (LTI) administers these tests. Please visit the LTI website at www.languagetesting.com for helpful information about these tests. Test fee is approximately \$140. **DO NOT SCHEDULE THESE TESTS ON YOUR OWN.** Contact Mr. Duane Goupell in the Testing Center in Polk Library to complete the application forms and schedule your tests.
