Congratulations

The University of Wisconsin Oshkosh is proud of the accomplishments celebrated in today’s commencement ceremony. We recognize and applaud the determination of our graduates to complete their studies. We also recognize and appreciate the help families and friends have given to make this graduation possible.

Today’s virtual program is a first for you and for us. We didn’t anticipate the significant changes and challenges we would face during this your final semester at UWO. We applaud your resiliency and perseverance.

The completion of a program of study is significant. It commemorates a major milestone reached while signaling unlimited opportunities for the future. It is in this spirit of hope and optimism that today we congratulate those who have now completed their studies at the University of Wisconsin Oshkosh.

Our newest graduates are an embodiment of a rich tradition of hands-on collaborative learning, academic excellence and personal growth that extends to the date the University was founded in 1871. It is this tradition that links our newest alumni with prior graduates, who are actively enriching the civic, business, charitable and political sectors of our global community.

As a regional center for the celebration and promotion of knowledge, culture and innovation, our University is an integral part of the broader community. With the fresh effort and focus of today’s graduates who join us in this broader role, we envision even more opportunities that will connect our University with the region we so proudly serve.

It is my honor as the 11th chancellor of the University of Wisconsin Oshkosh to extend this special recognition on behalf of the faculty, staff, students and alumni of the University.

Sincerely,

Andrew J. Leavitt, Ph.D.
Chancellor, University of Wisconsin Oshkosh
The University of Wisconsin Oshkosh was founded as the state’s third normal school in 1871. The Oshkosh State Normal School became Wisconsin’s foremost teacher-training institution.

In later years, as the focus and curriculum expanded, the institution underwent several name changes. A graduate school was added in 1963. In its centennial year of 1971, President Roger Earl Guiles guided UW Oshkosh’s merger into the Wisconsin system.

Today, UW Oshkosh prepares students for fulfilling lives and challenging careers with 67 undergraduate majors and 43 master’s degrees, certificate and doctoral programs spanning a wide array of disciplines.

Chancellor Andrew J. Leavitt leads this vibrant educational institution under a strategic plan with a focus on student success. The picturesque and environmentally conscious campus covers 173.5 acres and is home to five colleges — Business, Education and Human Services, Honors, Letters and Science and Nursing. UW Oshkosh’s focus on teaching is evident in its distinction of having won 11 UW System Regents Teaching Awards of Excellence.

The historic joining of the Oshkosh, Fond du Lac and Fox Cities campuses creates an opportunity to grow into a stronger institution: three campuses, one university.

UW Oshkosh is committed to student success, academic and inclusive excellence, community engagement and economic development.

The University of Wisconsin System is governed by the Board of Regents, an 18-member board of which 16 are appointed by the governor. The board, in turn, appoints the system president and the chancellors of the 13 universities. The current system president is Ray Cross.

The board is currently comprised of Regent President Andrew Petersen, Regent Vice President Michael Grebe, Robert Axelrod, Scott Beauchot, Héctor Colon, José Delgado, Eve Hall, Mike Jones, Tracey Klein, Becky LeVzow (Ex-Officio Member), Edmund Manydeeds III, Janice Mueller, Cris Peterson, Jason Plante, Carolyn Stanford Taylor (Ex-Officio Member), Torrey Tiedeman, Karen Walsh and Olivia Woodmansee.
CEREMONIAL TRADITIONS

Academic Procession
This commencement ceremony marks a special occasion for students completing degree programs offered by UW Oshkosh. The Chancellor grants degrees by virtue of the powers vested by the UW System’s Board of Regents. In addition, academic degrees may only be granted upon the recommendation of the University’s faculty.

The academic procession is a featured part of the commencement program—a symbolic declaration that all members of the academic community are bound by common purpose and shared commitment to the ideals of higher education, including the search for meaning, truth and understanding.

Academic Attire
The colors and apparel worn in the processional are symbolic of the Middle Ages. Because universities developed from church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The traditional hat developed from the skull cap worn in cold weather. In Europe, a bonnet with a tassel is still worn, but in America it has been replaced by the mortarboard cap or tam with tassel.

The bachelor’s gown, with its long, pointed sleeves, is worn open. The master’s gown has an oblong sleeve and the doctoral gown often was furled, a decoration that survives open at the wrist; the rear section is square cut. The master’s and doctoral hoods display a gold and white chevron, denoting the University colors.

The academic hood originally was worn over the head in bad weather. Now, it is added to the apparel of those with master’s and doctoral degrees. The hood also denotes academic achievement beyond the associates and bachelor’s degrees.

The master’s and doctoral hoods display a gold and white chevron, denoting the University colors.

Honor Cords
Students wearing gold-colored cords have earned the Latin honors:

- *** Summa cum laude (3.9 and higher GPA)
- ** Magna cum laude (3.75 GPA)
- * Cum laude (3.5 GPA)

Students wearing white-colored cords have earned academic distinction within their college or unit. Students wearing other cords, stoles or insignia wear them in recognition of scholarly achievement in a department, honor society, study-abroad program or in the tradition of an international student’s native country.

Honors College
Students who successfully complete the Honors College curriculum along with their major requirements earn Honors College designations at either graduate or associate level, depending on their cumulative GPA:

- ✭ Honors College Graduates (3.5 to 4.0 GPA) receive Honors Medallions
- ✭ Honors College Associates (3.2 to 3.49 GPA) are awarded Certificates of Recognition

University Seal/Chancellor’s Medallion
The University Seal/Chancellor’s Medallion symbolizes UW Oshkosh’s history and aspirations. At the center of the medal is a fountain of knowledge, divided in three to reflect the school’s commitment to realizing the creative power of individuals, the value of learning as a humanizing force and our aspiration to excellence. The word “learning” is centered at the bottom, serving as the foundation of the University’s mission. The stylized figure at the center forms the school’s initials. The outward sweeping W reflects the Wisconsin Idea—education reaching to the state’s boundaries. The date of the University’s founding appears at the bottom, representing the importance of those who came before us.

Lisa Danielson
Stewart Cole is associate professor in the English department and the Environmental Studies Program, where he teaches courses in modern and contemporary literature, literary criticism, creative writing and the environmental humanities. He also teaches interdisciplinary courses in the core curriculum of the Honors College, co-leads two annual study-abroad programs — one in Ireland for the University Studies Program and one in London and Paris for Honors — and is affiliate faculty of the Sustainability Institute for Regional Transformations (SIRT). His academic research — which examines representations of animals in modern British and Irish literature from an eco-critical perspective — has been published in many peer-reviewed journals, and he is currently completing two scholarly books. He also is a poet and the author of two full-length poetry collections, the most recent being Soft Power, published by Goose Lane Editions in 2019. Born, raised and educated in Canada — and a proud first-generation college student — he received a doctorate in English from the University of Toronto in 2012 and has taught at UW Oshkosh since fall 2013. In 2016, he was one of the recipients of the Edward M. Penson Award, which recognizes faculty members who have made significant contributions to their colleges and the University.

A proud 1983 alumnus, Jim Ransom’s 35-year career spanned finance and advisory services as well as senior leadership roles in private and public companies. He leveraged his 10 years with Arthur Andersen and Accenture to earn roles at Everbrite Inc., as executive vice president and later at Menasha Corp. as division chief executive officer. He spent the next 15 years at Bemis, starting as division president and retiring in 2017 as executive officer and president of Bemis North America.

Ransom built his career at Bemis around servant leadership, a strategic agenda and delivering results. He led the creation of growth and product innovation platforms in North and South America and Europe, and in Bemis’ healthcare business. He has been recognized by UWO’s College of Business and Beta Gamma Sigma for professional achievement and received the University’s Distinguished Alumni Award.

Since his “retirement” he has enjoyed his role as an instructor in the MBA program at UW Oshkosh, several CEO coaching assignments and facilitating selected strategy development engagements. He also has joined several private company boards.

Ally Chard, of Madison, majored in human resources and Spanish and graduates with a pair of degrees: bachelor of business administration and bachelor of arts. Chard credits the four months she spent abroad in Spain for broadening her friendships and igniting a desire to explore cultures beyond the U.S. Outside the classroom, she served as treasurer for the UWO chapter of Society of Human Resources Management and worked as a Titan Gold Corps campus ambassador, giving tours to prospective students and their families. Chard recently earned the Teach English as a Foreign Language certification and will be volunteering at the Winnebago County Literacy Center in Oshkosh as an English teacher. After graduation she is hoping to earn a spot on the Fulbright Cultural Exchange program to continue developing intercultural competence in Spain.

Alexandra Fischer, of Franklin, is a communication studies major. Fischer focused her studies and activities on developing leadership skills, hoping to make a difference in people’s lives. Outside the classroom, she was named Mentor of the Month by the Boys and Girls Club of Oshkosh and spent time as the UW Oshkosh women’s lacrosse club team president and men’s lacrosse club team manager. Her dedication to the women’s team earned her the MVP award and a top three mention among all UWO club sports. Fischer’s involvement on and off campus has helped build a better community.

Fischer is proud to be passing on her grandmother’s advice, Don’t Wish Your Life Away, to her fellow graduates. Following graduation, Fischer plans to continue at the Boys and Girls Club of Oshkosh as their organization’s development and marketing coordinator.
