

2021/2022 WCSWMA Scholarship
Wisconsin Counties Solid Waste Management Association
(WCSWMA)

Wisconsin Counties Solid Waste Management Association (WCSWMA)
Scholarship Program:

The Wisconsin Counties Solid Waste Management Association (WCSWMA) is an Internal Revenue Service 501(c)3 non-profit with a mission focused on environmental education, solid waste management, recycling, environmental engineering and the environmental sciences. In order to achieve its mission, WCSWMA has developed a scholarship program for university students majoring in fields related to the noted fields. Scholarships are open to junior, senior and post-graduate level students, with declared majors and enrolled at accredited Wisconsin universities or colleges.

Annually WCSWMA provides up to two (2) scholarships of \$2,000 each or up to four (4) scholarships of up to \$1000. Scholarships may be used to offset the cost of credit courses, books, laboratory supplies, computer supplies, electronic devices and living expenses.

To learn more about WCSWMA visit www.wcswma.org or send an email of inquiry to wcswma@gmail.com

Qualified Students are those students currently enrolled full-time at an accredited Wisconsin university or college and are entering their junior or senior undergraduate year or working on a graduate degree. Degree areas for consideration as a part of this scholarship are environmental education, recycling, waste management, environmental engineering, the environmental sciences, public administration or a related field or other degree areas with a demonstrated interest in a career in waste resource management industry.
