As a student on the University of Wisconsin Oshkosh, Fond du Lac Campus, you will find endless opportunities wherever you turn. You'll be mentored by outstanding professors and guided by academic advisers to help you flourish and grow into the person you are meant to be.

Nearly half of our students are the first in their family to attend college—and that's a pretty big deal. Our encouraging, tight-knit campus community provides a supportive environment for all students to thrive in. Some arrive with a clear idea of what they want to study, while others choose to figure it out as they go.

A WORLD OF OPPORTUNITY

CLOSE TO HOME

We are a campus of access, meaning we are committed to inclusion and equity. Students from all backgrounds gather in our classrooms to learn from one another and build each other up, and that's what makes our campus so inspiring.

The Fond du Lac campus is one of three campuses that make up the University of Wisconsin Oshkosh. Our students have the benefit of saving thousands of dollars in tuition as they work toward an Associate of Arts and Science degree or earn general education credits before transferring to a four-year university.

START HERE, TRANSFER ANYWHERE

At the Fond du Lac campus, we take the word “transfer” seriously. That’s because many students start here to earn foundational college credits while saving money on tuition, housing, meal plans and other fees. Our campus has a solid team of academic advisers who are dedicated to helping students not only establish educational and career goals but also chart a realistic path to achieve them.

Although we are considered a two-year campus, our students have the flexibility to transfer to a four-year university and declare a major whenever they feel ready to do so. In fact, students from the Fond du Lac campus are guaranteed admission to any school in the UW System as long as they meet basic transfer requirements.

TRANSFER TO THE OSHKOSH CAMPUS

Transferring to the Oshkosh campus is the simplest way to earn a bachelor’s degree. We offer the exact same classes, some of which are taught by the same professors, so transferring is seamless. On the Oshkosh campus, you’ll be able to choose from more than 250 majors, minors, emphases and certificates to prepare you for your dream career. You will also benefit from dozens of academic resources, educational opportunities related to your major and an impressive variety of activities within the larger campus community.

CAMPUS LIFE uwo.sh/fdl-life

We don’t just talk about the importance of a student-centered campus—we live it every day. You’ll be exposed to new ideas, people and experiences through the many activities and programming offered on campus. There’s always something new going on, so you can let loose, have fun and take a break from studying.

ACADEMIC SUPPORT uwo.sh/fdl-tutors

From day one on the Fond du Lac campus, you can count on us for support across all areas of academics. Beyond our dedicated professors, we offer free peer-to-peer tutoring and specialized resources in math and writing led by professional staff.

CLUBS AND ACTIVITIES uwo.sh/fdl-activities

The most common advice our current students give to new students is to get involved on campus. Our campus is host to a variety of student organizations and intramural activities for you to explore your interests and connect with peers. From student government to performing arts, recreational activities to computer science, getting involved not only broadens your resume—it enhances your college experience.

STUDENT HOUSING uwo.sh/vue-campus

Did you know there’s a student housing complex located near campus? Vue Campus is an independently managed housing community that not only serves as a supportive, inclusive environment for students but also is conducive to their academic achievement.

STUDENT EMPLOYMENT uwo.sh.edu/career

Some students focus all of their time and energy on studying, while others opt to work part-time throughout college. Those seeking employment may not have to look any further than right on campus! Student workers play an important role as dining staff, office and library assistants, tutors, IT support and more. Some professors even offer research assistantships for highly motivated students.
