At the University of Wisconsin Oshkosh, Fond du Lac Campus, you will be supported, guided and encouraged to explore new ideas, skills and concepts that will shape you into the person you are meant to be. With the outstanding professors and top-notch resources of a comprehensive university, the Fond du Lac campus offers a world of opportunities close to home. Our mission is your success. With small class sizes and individualized support, your dreams and goals can become reality.

More than half of our students are the first in their family to attend college—and that's a pretty big deal. We are a campus of access, with a deep commitment to equity, inclusion and affordability. People from all backgrounds gather in our classrooms to learn from one another and build each other up, and that's what makes our campus stand tall.

A WORLD OF

OPPORTUNITIES

CLOSE TO HOME

The Fond du Lac campus is one of three campuses that make up the University of Wisconsin Oshkosh. At an access campus, students have the benefit of saving thousands of dollars in tuition as they work toward an Associate of Arts and Science degree or earn general education credits before transferring to a four-year university. Some students arrive with a clear idea of what they want to study, while others choose to figure it out as they go. No matter where you are headed, we will help you each step of the way.

Our campus has a skilled team of academic advisers dedicated to helping you not only establish educational and career goals but also chart a path to achieve them. Although we are considered a two-year campus, our students have the flexibility to transfer to a four-year university and declare a major if and when they feel ready to do so. In fact, students from the Fond du Lac campus are guaranteed admission to any UW System school as long as they meet basic transfer requirements.

Though many students commute to campus, there is an on-campus housing option available for those who want the college living experience. With shared amenities and resident events, this housing option fosters academic achievement and interpersonal connections.

DIVERSITY, EQUITY AND INCLUSION
