

Success Plan for SAP Appeal

NAME:

DEGREE/MAJOR:

ADVISOR:

ID:

DATE:

Instructions

Students, please access this completed report in the Student Success Gateway (SSG) at uwosh.edu/go/ssg and submit along with your appeal. This document is a recommendation of courses for the upcoming semester(s), and the progression is subject to change based on student registration choices and course performance.

Your plan should:

- Show the quickest path to meet SAP requirements or graduation and only include courses that apply to the degree requirements.
- Indicate the major and degree you are pursuing and, if applicable, the minimum requirements to be admitted into the major/department. If admittance is not assured, consider a backup plan.
- Be practical and realistic so that you can complete each semester successfully without dropping any courses.
- Note any additional strategies and resources the advisor believes you need to utilize to improve your academic performance (e.g., tutoring, counseling, etc.).
- Indicate in what semester you will bring your GPA and completion percentage back into good SAP standing.
- If you do not follow your plan (fail a class, change classes) you will no longer meet the SAP requirements and will lose Financial Aid eligibility again. If you have changes to your plan, it is your responsibility to communicate that to your Financial Aid counselor at least three weeks before the start of the next term.
