

Student Technology Fee Committee 2015-2016

Annual Report on Proposals Funded

February 7th, 2017

Proposals Funded

The Committee received 33 proposals for funding for the 2016-2017 academic year from a variety of departments, faculty, and staff. In total, the Committee awarded funds to 14 of the proposals. Below are the 33 proposals in the order of submission to the committee. Each proposal is designated by the proposal number and name followed by a brief description and the amount approved for funding by the Committee.

1. Multicultural Education Center - Computer and Printers

Requested to update the old equipment at the MEC, in hopes of offering students a better opportunity to enhance business skills and educational skills. Funded: **\$0**.

2. Career Services Student Access

Requested to purchase and/or maintain a suite of different tools, including tools which help students find work after graduation. Funded: **\$27,682**.

3. D2L Student Training

Requested to hire a student worker to help develop training materials which would help students learn D2L. Funded: **\$0** (Proposal was subsequently rescinded once we reached the 2nd stage of deliberation).

4. Career/Psychological Assessments

Requested to help students explore career opportunities using the MBTI Career Report, as well as performing psychological testing to help students identify their needs. Funded: **\$1,000**.

5. ADA Tech Lab 1

Requested to replace 27-inch iMac in Dempsey 120, a lab which is geared toward adaptive and assistive tech. Funded: **\$0**.

6. ADA Tech Lab 2

Requested to replaced four HP PC computers in Dempsey 120, a lab which is geared toward adaptive and assistive tech. Funded: **\$3,400**.

7. ADA Tech Peripheral

Requested to purchase 2 Chromebooks for students with profound hearing loss so that they can connected with remote captioning providers during lecture. Funded: **\$750**.

8. Voice of the Student Software

Requested to purchase VotS to help collect data regularly from students to find out about their experience on campus, as well as allow students to see their feedback in real-time. Funded: **\$0**.

9. Printer Replacement in General Student Labs

Requested to replace the laser printers in the Sage and Halsey general access labs due to age (5-6 years), wear & tear, and operating cost. Funded: **\$43,147**.

10. Printer Replacement -- Scott Hall Front Desk

Requested to replace the laser printer at the Scott Hall Front Desk due to age, wear & tear, and operating cost. Funded: **\$0**.

11. Department Computer Security Cables

Requested to purchase security cables used to secure computer equipment in labs around campus. Funded: **\$0**.

12. Projectors for Halsey & Swart Teaching Labs

Requested to purchase new projectors because the ones in Halsey and Swarte were 8 and 7 years old, respectively. Funded: **\$0**.

13. Security Cameras for Polk Library Computer Lab

Requested four IP security cameras for coverage in Polk 102 in event of theft or damage to the university. Funded: **\$0**.

14. Card Access to General Labs

Requested to install card access for Polk, Radford, and Swart labs as they do not currently have card readers. Funded: **\$0**

15. DSLR Camera and Equipment for Student Checkout

Requested a DSLR & associated equipment for students to check out at the Student Tech. Center. Funded: **\$3,000**.

16. Wireless Update

Requested to purchase new wireless access points for replacing out-dated and unsupported hardware in various campus facilities. Funded: **\$79,128.42**.

17. Handicap Accessibility for General Access Labs

Requested to ensure all general access computer labs are handicap accessible; at the present time, Halsey and Clow do not have handicap access. Funded: **\$0**.

18. Polk Library Printer Replacement

Requested to replace the printers in the Education Materials Center on the first floor, as well as the general printers on the 2nd and 3rd floors of Polk South. Funded: **\$0**.

19. Polk Library Scanner Maintenance

Requested to pay for annual maintenance contracts for four KIC scanners and one BookEye scanner. Funded: **\$1,720**.

20. Laptops for Polk Library Research Instruction Lab

Requested to add more laptops for checkout in the instruction lab as classes often have too many students for every one of them to have a laptop. Funded: **\$0**.

21. Lab Consultants for Polk 101 Reference Lab

Requested to pay the wages of the employees that occupy the Reference Desk in the Reference Lab, as they provide service to the students. Funded: **\$32,000**.

22. Digitize Advance Titan 2

Requested to digitize issues of the Advance Titan from the past 6 school years; all previous years have already been digitized. Funded: **\$0**.

23. Laptops for Checkout at the Circulation Desk

Requested to get new laptops for the circulation desk that students can use while they are in Polk Library. Funded: **\$5,351.85**

24. OSA Black & White Copier/Scanner/Printer/Fax

Requested to add this item to the OSA office as they no longer near the Copier/Scanner in Reeve Administration due to construction, and once permanently in the new SLIC they will not have one. Funded: **\$0**.

25. Titan Link

Requested to fund the third year of a licence agreement with Higher One for Titan Link, which is used to track and organize student organizations. Funded: **\$6,237.15**

26. 305 & 306 Wallplate Upgrade

Requested to purchase VGA and HDMI wallplate because the current ones in these rooms are outdated. Funded: **\$0**.

27. College Scheduler

Requested to pay the yearly subscription fee for the College Scheduler app, which helps students create their schedule for the semester. Funded: **\$0**.

28. EMV Credit Card Readers

Requested to pay for EMV readers in the Frederic March Theatre due to all merchants being required to support the new chipped-credit cards. Funded: **\$0**.

29. Student Media Archive Project

Requested to fund a digital archive and asset management system, which would create digital copies of all Titan TV, WRST, and Film Society work from the last 40+ years. These materials are starting to degrade. Funded: **\$0**.

30. iPads to Increase Student Learning & Collaboration

Requested to add 21 iPad Air's to help enhance the advising experience for students. Each iPad would be placed in an advisor's office. Funded: **\$0**.

31. TitanSafe Safety App

Requested to increase safety on campus by allowing students to communicate 24/7 with UW-Oshkosh police dispatch. Funded: **\$0**.

32. Albee Pool & Hall Access

Requested to add Titan Card readers on several doors of Albee Hall as the current entrances require a key; many keys have been lost over the years which pose security risks for students and staff. Funded: **\$17,845**.

33. WCONLINE Appointment Scheduling License

Requested to renew WCONLINE license as it allows students to schedule meetings and tutoring appointments online. Funded: **\$715**.
