Kinesiology Admissions Volunteer Opportunities 2019-2020

Each applicant for admission must attain at least 2 hours of volunteer activity within the profession. Observation opportunities (hospital, clinic, 121 observations) do not count.

Volunteer activities and organizations that do not require prior approval

- Kinesiology research study participant. (Watch course announcements and the faculty hallway in Albee)
- Participation as a subject for Kinesiology class labs. (Watch course announcements.)
- Volunteer (not participant) for 5k, triathlon, strength sport competition, etc.
- Kinesiology Club volunteer opportunities
- Kimberly Clark volunteer opportunities
- YMCA volunteer opportunities
- Senior center events (Oshkosh Senior Center, Evergreen Retirement Community)
- Habitat for Humanity volunteer opportunities
- Humane Society volunteer opportunities
- Christine Anne Center volunteer opportunities
- Father Carr's volunteer opportunities
- Red Cross volunteer opportunities (Blood drives, for example)

Volunteer opportunities not listed above must be approved by the instructor of KIN 122. Requests must be received by the instructor at least 2 weeks in advance of the proposed volunteer activity. If you are unsure if your prospective activity qualifies, please ask your instructor.

Volunteering Guidelines

- All volunteer opportunities should engage you directly with the administration of the event. Observing someone else work is NOT volunteering.
- You cannot volunteer at a facility or place that you currently work or where you get paid for your time.
- Volunteering is built into your application process because networking is important in our field and we'd like students to get some experience networking in the community beyond their current positions or connections.
- Volunteering with a for-profit company is not prohibited. However, the actual event or situation you are volunteering for should have a charitable cause.
