

## Bachelor of Applied Studies

# FIRE & EMERGENCY RESPONSE MANAGEMENT

The online Fire & Emergency Response Management (FERM) program at UW Oshkosh prepares students to manage complex public health and safety organizations. The first of its kind in Wisconsin and developed by fire chiefs, it is designed for individuals who already have a related associate degree in fire or emergency services.

### 100 Percent Online and Accelerated

The FERM program is offered completely online! Most courses are delivered in accelerated, seven-week sessions, which offer additional flexibility for students working full-time. And with our fixed, flat-rate tuition, budgeting for your degree is easier. Financial Aid is available.

### Two Emphases to Choose From:

- Fire Services Management
- Emergency Management

### Earn Your Degree in About Two Years

For full-time students with 60 or more transferable credits, the FERM degree can be completed in as little as two years.

### Apply Today

UW Oshkosh online degree programs offer a strong support network from day one. Learn how your credits transfer! Contact an advisor today to learn more.

Take the first step on your journey and apply online at [apply.wisconsin.edu](http://apply.wisconsin.edu).
