New Registrant:

Click on the Create Account button to create a new account.
You will add a username and password during the process.

[Create Account](#)

To create an account, fill in the Registrant Profile form that appears.

If you complete this and get an error message that there already is an account set up for you, go back to the login page and click on Forgot Username or Forgot password. You will receive an email from the registration software company, Xendirect to reset it. Look for the email in your Junk/Spam folder if you can't find it in your regular inbox.

If that doesn't work, you can Create an account and make a change to your name to fool the system and it will create an account for you. Examples might be adding your middle initial or only use the initial of your first name. After completing your order, contact the office and they can change what you entered to be what you want.
