

CERTIFICATE IN FORENSIC INVESTIGATION

The certificate in forensic investigation from UW Oshkosh combines coursework from anthropology, criminal justice, geology and journalism to develop a well-rounded credential that benefits those seeking employment in law enforcement and the medicolegal field.

Those already working in law enforcement and the medicolegal field can also complete this certificate as an ideal additional credential for continuing education.

With this 100% online program, students set their own schedule and work toward their professional goals at their own pace, in any location, while developing skills in:

- Photographic and videographic documentation
- Human skeletal analysis
- Legal requirements for evidence
- Soil sourcing and taphonomy

100% Online and Accelerated

The certificate in forensic investigation is offered completely online. Most courses are delivered in accelerated, seven-week sessions to increase flexibility for full-time working students. Budgeting for the degree is also easier with a fixed, flat-rate tuition.

Apply Today

From small classes to dedicated advisors, students in the UW Oshkosh online certificate in forensic investigation program have a strong support network from day one. Contact an advisor today to learn more about your options and how credits transfer.
