ORGANIZATION AND OPERATION

HANDBOOK

Welcome to Sport Clubs at the University of Wisconsin Oshkosh. The purpose of the Sport Club Handbook is to provide concise and useful information regarding the general operation of a Sport Club. Clubs will be held accountable for the information in this handbook and should reference it often for proper adherence to all Sport Club policies and procedures. The handbook is available online so that it can be referenced by any club member at any time.

MISSION

The mission of the UW Oshkosh Sport Club program is to provide quality sport and recreational experiences that afford participants the opportunity to engage in physical, social, and emotional growth in a safe and positive environment. Besides developing camaraderie and improving recreational and competitive skills, UW Oshkosh Sport Clubs afford students excellent opportunities for development in areas of leadership, financial management, governance and cooperation.

DEFINITION

A Sport Club is an officially recognized University student organization voluntarily formed by individuals sharing a common interest in a favorite, recognized sport. Sport is defined as being recognized by an International or National Governing body (i.e. International Olympic Committee) and an organization whose primary objective involves a judge-able athletic experience that is overseen by a governing body that similarly recognizes comparable organizations. Clubs provide learning experiences for their members through involvement in public relations, organization, administration, budgeting, and scheduling. Members learn new skills, refine existing skills, engage in regular practice and competition, and if Tier 1, must be sanctioned by a national governing body. Involvement in a Sport Club helps enhance students' educational experiences while living in a university setting.

PURPOSE

The purpose of the Sport Club program is to:

1. Provide students the opportunity to participate in, develop skills in, and compete in a specific sport.
2. Provide an opportunity for extramural competition.
3. Provide competitive sport experiences that afford club participants the opportunity to engage in physical, social, and emotional growth in a safe and positive environment.
4. Provide camaraderie and afford students excellent opportunities for growth in valuable lifelong skills such as leadership, financial management, governance, and cooperation.

PARTICIPATION

1. **All who sign up or tryout must be given the opportunity to participate as a member of the team in some sort of way**
2. Sport Club participation will involve extramural competition on a local, state, or possibly national level.
3. Sport Club eligibility is open to all currently enrolled UW Oshkosh students at all three campuses. Students from the access campuses (Fox Cities and Fond du Lac) may not join a club on the Oshkosh campus if that sport or club already exists on their campus. Access campus students will be required to pay a club access fee of \$50 before joining. In some cases, a club's governing body may not allow students from the access campuses to join. More information can be found by contacting the Coordinator.
4. Graduate student participation in competitions, leagues or national tournaments will be determined by each club's governing body.
5. University staff and faculty members and non-University individuals may not be members of any Sport Club.
6. Participation by club members shall be completely voluntary.
5. The University of Wisconsin Oshkosh is not responsible for injuries incurred during Sport Club participation and will not pay for such injuries. It is highly recommended that all club members obtain a physical examination prior to club participation and procure some form of adequate health insurance.
6. All members of Sport Clubs are advised that participation in club activities can result in bodily injury and/or death. Participation is voluntary and the University of Wisconsin Oshkosh, the Oshkosh Student Association, Student Recreation, and the Sport Club program do not assume any liability for such injuries and/or death.
7. UW Oshkosh is required to comply with [UW System Administrative Policy 136](#). The inquiry will take place as a portion of the Participation Form required of all Sport Club members.

CRITERIA

There are three different classifications of Sport Clubs: Tier 1, Tier 2, and Tier 3. Because of the additional criteria required of Tier 1 clubs, Tier 1 has priority over the other tiers as it relates to facility space and funding. Similarly, because of the additional criteria required of Tier 2 clubs, Tier 2 has priority over Tier 3 as it relates to facility space.

TIER 1

The following criteria shall be used to determine whether an interested group is a Tier 1 Sport Club at UW Oshkosh. An organization must:

1. Be eligible for membership within a national or international governing body (i.e. USA Volleyball, USA Rugby, etc.).
2. Conduct team practices to prepare for competition against teams or clubs from other institutions.
3. Participate in member leagues or competitions and play competitively toward nationally sanctioned tournaments or competitions within their respective sport.
4. Establish sufficient membership interest in the sport. At least five (5) student members must join to merit applying for Sport Club status.
5. Establish availability of intercollegiate and extramural competition within a five-hour radius of Oshkosh.
6. Must document that interest in the sport is not being adequately met by existing campus programs and will not duplicate a current University intercollegiate team or a current University Sport Club.

TIER 2

The following criteria shall be used to determine whether an interested group is a Tier 2 Sport Club at UW Oshkosh. An organization must:

1. Conduct team practices to prepare for competition against teams or clubs from other institutions.
2. Establish sufficient membership interest in the sport. At least five (5) student members must join to merit applying for Sport Club status.
3. Establish availability of intercollegiate and extramural competition within a five-hour radius of Oshkosh.

TIER 3

Tier 3 clubs are defined as any other student organization participating in a sport (as defined by this handbook). These clubs are not eligible for funding but may request recreational facility space. Tier 3 clubs are required to provide rosters, and each member should complete the participation form. These clubs must adhere to all policies and procedures as defined by this handbook, and while welcome to attend Sport Club Council meetings, will not serve in a voting capacity.

GAINING SPORT CLUB STATUS

A prospective Sport Club must first be recognized as a UW Oshkosh Student Organization. Applying new groups will find the form on Titan Connection. More information can be found on the OSA [website](#). Questions should be directed to the OSA Office Manager. Contact information can be found in the appropriate section of this handbook. Club members will present at Assembly and Senate, and both houses will approve the new student organization. Based on Sport Club criteria requirements being met, the OSA Office Manager recommends possible Sport Club status to the club and Competitive Sports Coordinator. To be eligible to become a Sport Club, the student organization must petition for Sport Club status and provide documentation of the following to the Competitive Sports Coordinator.

1. A list of all club members, including addresses, telephone numbers, and email addresses. A minimum of five (5) members is required.
2. A list of all officers, including addresses, telephone numbers, and email addresses. See the appropriate section of this handbook for required officer positions.
3. The name, address, telephone number and email address of the club advisor, who shall be a faculty/staff member at the University.
4. Secure confirmation from University facility scheduling staff regarding availability of facilities for practice and/or competition.

5. The name, address, telephone number, and email of the coach(s), if applicable.
6. A copy of the new Sport Club's constitution.
7. A New Sport Club application.
8. Area and regional league/competition information within a five-hour driving radius of Oshkosh.
9. National Governing Body (If applying for Tier 1 status).
10. Documentation of interest that the sport is not being adequately met by existing campus programs and will not duplicate a current University Sport Club or Student Organization.

Student organizations that petition to become a Sport Club and have properly documented the required criteria will present to the Sport Club Council. The Sport Club Council will review the presentation, ask questions, and approve/deny via a majority vote. A new club shall be granted conditional status for one year. At the end of this period, the Sport Club Executive Board will evaluate the new club's program, activities, and objectives to determine whether the club should be granted regular status within the Sport Club program. If a proposed student organization is denied Sport Club status, the group may reapply the following academic year.

CONSTITUTION

To be a recognized student organization and to provide self-governance, a group must have a set of operational guidelines or rules. Each Sport Club shall develop a constitution suited to the practical operation of their particular club and meet with the OSA Speaker of Assembly during the annual renewal process to discuss constitution guidelines. The constitution should be easily interpreted, so that the club can operate consistently from year to year. More information can be found on the OSA [website](#).

ANNUAL RENEWAL

Every club must reconfirm their student organization status on an annual basis by completing the annual recognition form each Fall. This form is available on Titan Connection. More information can be found on the OSA [website](#). Questions should be directed to the OSA Office Manager. Contact information can be found in the appropriate section of this handbook.

MANDATORY FILING OF CLUB DOCUMENTS

To ensure proper management of each club, several forms must be filed online at least three days before a club's first date of competition or by the annual renewal deadline, whichever date comes first.

Not filing the proper forms by the stated deadline may result in, but is not limited to, a freeze on any allocated budget monies, a freeze on being able to compete in any home or away event, a freeze on access to any University facilities and/or fields for practice, or the suspension of Sport Club status as outlined in the conduct section of this handbook.

MAINTAINING SPORT CLUB STATUS

To remain in good standing (regular status) with the Sport Club Program and the University, a club must meet the expectations outlined below. Failure to do so will prompt a club status review by the Sport Club Executive Board and may result in a recommendation for probationary status or complete revocation of Sport Club status.

The conditions for maintaining a good standing include:

1. Conduct all activities and business in accordance with the club's constitution and other bylaws or regulations.
2. Ensure all activities will not interfere with academic responsibilities.
3. Comply with all local, state and federal laws and University regulations.
4. Ensure that there are no club related negative activities (examples: alcohol use, unsporting behavior, sexual harassment, hazing) which reflect poorly upon the University and Sport Club program.
5. Complete and maintain all necessary forms, reports, and records in a prompt, accurate manner.

6. Abide by all travel policies.
7. Abide by all equipment policies.
8. Ensure proper fiscal management by following all Sport Club program budget and expenditure directives.
9. Comply with all the rules and directives from a club's national governing body (If Tier 1).

VOLUNTEER PROJECT

Each Sport Club is required to do one volunteer project during the academic year. A qualifying project will last a minimum of one hour and have participation of at least 50% of the club's membership. Clubs must receive prior approval of the volunteer project from the Competitive Sports Coordinator. Failure to meet the annual volunteer requirement shall result in an appearance before the Sport Club Executive board to discuss repercussions that may include budget forfeiture and the suspending of the club's Sport Club status. Sport Clubs are encouraged to volunteer for Student Recreation special events whenever possible.

SPORT CLUB DISBANDMENT / RESIGNATION

If a club disbands or resigns from the Sport Club Program, all funds, equipment, and materials purchased with Sport Club and University monies must be returned to the Student Recreation Sport Club Program.

CONDUCT

CONDUCT POLICY

Sport Club members assume an obligation to function in a mature and responsible manner both on and off campus in club related activities, in accordance with the UW System Student Conduct Code, University of Wisconsin Oshkosh, and Student Recreation Sport Club regulations. Sport Clubs or individual members of Sport Clubs represent the University of Wisconsin Oshkosh and may face disciplinary action for inappropriate on-campus or off-campus actions while participating in a Sport Club related activity. For events held off-campus, Sport Club members represent the Sport Club program and the University from the time of departure from campus until the time of return to campus.

ALCOHOL/DRUG FREE

For a club to represent itself and the University in a proud and proper manner, an alcohol-free environment is a must for all Sport Club related activities. This goes for all club members, even those of legal drinking age. The use of alcohol/drugs is strictly prohibited at any and all Sport Club sponsored activities. It is against University policy to transport alcohol/drugs in University and personal vehicles. The use of alcohol/drugs at events associated with Student Recreation is prohibited. Violations will result in a hearing with the Sport Club Executive Board and may result in immediate suspension of individuals from the Sport Clubs program or a possible revocation of a particular Sport Club's operational status. The disciplinary process outlined later in this section provides further information regarding responses to conduct violations.

It is important to represent the University appropriately. Wearing apparel with the Sport Club or Student Recreation logo into an establishment serving alcohol is not acceptable.

HAZING FREE

To properly promote the ideals of the Sport Club program, any form of hazing shall not be tolerated. Membership in a University Sport Club should be a valuable and beneficial experience. Clubs are encouraged to provide new members with an orientation that is positive, informative, and consistent with federal, state, and local laws, and policies and procedures at UW Oshkosh. All Sport Club participants must complete a Hazing Free Agreement as part of the Participation Form before participating in any club activity.

Hazing is defined by the University of Wisconsin Oshkosh Dean of Students Office at the following link: <http://www.uwosh.edu/deanofstudents/university-polices-procedures/documents/statement-on-hazing>.

ACCOUNTABILITY

DISCIPLINARY CONSEQUENCES

The following clarifications are provided regarding scenarios that a Sport Club may face if it were involved in an investigation pertaining to more serious student conduct issues involving some of its members. These clarifications may begin from the time of infraction, while it is under investigation, and until the suspension is lifted:

1. Probation.

FINANCES

FUNDING AND ACCOUNTS

Each club shall be responsible for developing its revenue (annual budget proposal, fund raising, participation fee structure) and the proper fiscal management of these funds.

ALLOCATED MONEY (WISER ACCOUNT)

Each club will have a University account of Segregated University Fees (SUF), funds via an annual budget that is proposed and approved by the Sport Club Finance Committee (SCFC). The Sport Club Finance Committee and its policies and procedures can be found in the appropriate section of this handbook. Each club's budget is monitored by the Competitive Sports Coordinator. The following must be observed:

1. All funds will be under the control of Student Recreation (i.e. the Competitive Sports Coordinator).
2. Segregated University Fees (SUF) will be deposited and expended from the State accounts. All 128 appropriation expenditures must conform to the requirements of the University.
3. Segregated University Fees (SUF) may only be expended on individuals, items, and activities that are related to the mission of the University and the purpose of the organization. Expenditures of SUF must also conform to all applicable state and federal laws and policy requirements.

FUNDRAISED MONEY (GIFT ACCOUNT)

Sport Clubs may request to open a gift account through the University if there are donations to be received. All fundraised money in gift accounts is subject to the same purchasing guidelines as allocated money is.

OFF CAMPUS MONEY (CHECKING ACCOUNT)

Each club may have a checking account and must adhere to the following directives:

1. Deposit other revenues in the account. These funds may only be expended through the respective account.
2. Clubs may spend the money from their checking account by writing checks or using Debit Card. ATM transactions are not permissible. Money orders and cashier's checks must be accompanied by the appropriate documentation.
3. Clubs may collect money from members via apps like Venmo but may not disperse money through those apps.
4. Clubs are required to have a "second signer" for expenditures over \$500 to ensure effective checks and balances with the club accounts. Multiple club member signatures are recommended on all transactions to provide maximum transparency and security.
5. Any purchase over \$5000 must be authorized by the Competitive Sports Coordinator.
6. Maintain sufficient records to verify the accuracy and to substantiate the deposits and expenditures in the club's checking account. Receipts/bills will be kept and maintained within this record system. Records and receipts/bills should be passed on to the following year's club leaders to provide a starting point for the club's new year.
7. Under certain circumstances, payments to individuals for services rendered may be processed through the Competitive Sports Coordinator. This restriction is required due to federal and state income tax reporting requirements. By law payments to individuals of \$600 or more must be accompanied by a W9.
8. Being a public institution, the University, the department, and Sport Clubs do not qualify as charitable organizations and thus, are not able to provide a 501(c)(3) number.
9. Sport Clubs are not allowed to use the University FEIN (Tax ID Number). It is recommended that off-campus checking accounts be set up as an organization or club account, sole proprietorship, or LLC. Club leadership is encouraged to not use personal social security numbers for checking accounts.
10. Coaches and Advisors are NOT permitted to have access to off campus accounts.

11. Permit direct access to all account information to the Competitive Sports Coordinator.

Each Sport Club must promptly reimburse the University, as directed by the Competitive Sports Coordinator, for support services provided to the club not allocated by the budgeted Sport Club Program.

EXPENDITURES

One person from each club will be the club's treasurer. This person will be the only club member handling finances with the Competitive Sports Coordinator and the Administrative Assistant and will serve in this capacity for the entire academic year. Other club members, advisors and coaches assisting in finances will work through this designated club member.

Before any WISER money is spent, the club's treasurer will email the Competitive Sports Coordinator with the expense, the price, and the new balance in the club's WISER account. The Competitive Sports Coordinator will/will not approve the expense and copy the Administrative Assistant. Spending may then commence.

All transactions must be completed **prior to May 15th**. This will allow appropriate lag time to settle accounts before the end of the budget year.

The University is a tax-exempt organization. Any purchases made with University dollars may be exempt from taxes. Please contact the Administrative Assistant for more details.

Payments to other UW System schools will require that school's account number for the payment to be processed. The treasure is responsible for obtaining the account number.

A copy of any third party W9 forms and Certificate of Insurance (if applicable) should be on file with the Administrative Assistant before any payment is made. Examples of third parties include camp instructors, clinicians, athletic trainers, officials, and more. Please see the Competitive Sports Coordinator or Administrative Assistant for more information.

REIMBURSEMENTS

The only qualifying reimbursement for club expenses paid out of pocket is for mileage. Only mileage on trips with travel itineraries completed in advance may be reimbursed. Entry fees, equipment, and other club expenses should be taken care of in advance and may not be reimbursed.

To settle travel expenses and be reimbursed, the club treasurer must bring in the following documentation to the Administrative Assistant within one week of returning:

1. Names, addresses, and copy of the driver's authorization of the club members who drove on the trip.
2. Number of miles, reimbursement rate, total each driver should be paid.
3. Copy of tournament flyer, entry fee costs, and entry fee form.
4. Hotel receipt if applicable.
5. Any other miscellaneous documentation as requested by the Administrative Services.

Per UW Oshkosh policy, no reimbursements will be given after 90 days of a trip taking place. Club members should allow a minimum of three weeks for the reimbursements to be processed.

AUDITS

Upon request, each club must provide financial reports to the Competitive Sports Coordinator or to University auditors. Reports must cover the club's entire operation (WISER and checking account).

Audits will be conducted at least once per year, usually in March. These audits will look at the usage of Off Campus money (Checking Account). Audits will look at the entire preceding year.

Club Treasurers should be prepared to answer questions about all expenses and deposits and must bring the following documents to the scheduled audit:

1. Monthly statements from all Off Campus accounts. Statements should note all account withdrawals and deposits.
2. Paper copies of all receipts or invoices for all transactions.
3. Any documentation showing second signer for expenditures over \$500, permission from the Competitive Sports Coordinator, and/or W9 forms.
 - a. Second signer documents can include signed forms, emails, or other documentation.
 - b. W9 forms are required for any individual payments that total \$600 or more in a year.
4. Copies of all checks written and documentation for cashier's checks are preferred.

BUDGET DEVELOPMENT, PROCEDURES, AND SUGGESTIONS

Each Sport Club will develop a budget and narrative for the upcoming year. Instructions and forms are available in the appendices of this handbook. Clubs will present their budget to the Sport Club Finance Committee. The SCFC is responsible for determining the annual budget of each club. Explicitly charging dues is prohibited. However, it is understood that there are other costs not covered by segregated fees that will be the responsibility of the individual club members.

Sport Clubs should include First Aid/CPR Certifications (2 per club) and Concussion Tests (If applicable to the club) in their budget.

BUDGET CONSIDERATIONS

To ensure clubs are using the resources to them appropriately, the following items will be considered when determining budget requests:

1. Conduct all activities and business in accordance with university rules and regulations
2. Positive representation of the university at campus and off campus events
3. Attendance at monthly sports club meetings
4. Scheduling of monthly 1 on 1's with the coordinator
5. Completion of required sports club tasks in a timely manner
 - a. OSA required trainings
 - b. Year-end reports
 - c. Participation forms
 - d. Coaches background checks
 - e. Other asks given by coordinator
6. Completion of volunteer requirements in the prior academic year
7. Off campus fundraising efforts

EQUIPMENT / SUPPLIES INVENTORY

Equipment inventory accountability is essential. Any items purchased through the WISER account remain the property of the Sport Club Program. Each club is required to maintain a detailed inventory list of all purchases. This inventory list will be periodically reviewed by the Competitive Sports Coordinator. No items or equipment may be given to members, sold by the club, disposed of, etc. without expressed consent of the Competitive Sports Coordinator. If an inventoried item is missing, that specific Sport Club will be required to reimburse the University account for the cost of the missing item(s).

Inventory lists must include the following, alphabetized, and in spreadsheet form: Item, Date Purchased, Quantity, and Date Inventory as well as any other information the club deems necessary.

STORAGE

Clubs will be assigned storage if needed and whenever possible. If more storage is required than what is available, clubs may be asked to share storage areas. All storage areas must be kept clean and organized at all times. All storage areas must post an inventory list inside the storage area detailing

what items are being kept there. The inventory list should also detail what and when equipment/supplies were purchased with Sport Club funds and what was purchased with personal funds from the club checking account. The Competitive Sports Coordinator has the authority to perform random inventory checks of all equipment/supplies in any storage area at any time. Club equipment may not be stored at club members' residences without permission from the Competitive Sports Coordinator.

TRAVEL

ON-THE-ROAD ASSISTANCE CALL LIST

Life-Threatening Emergency: 911

If you have issues or problems while on your trip that you cannot resolve or are unsure about, please call the Competitive Sports Coordinator's cell phone. If the Competitive Sports Coordinator is unavailable, please call the Director of Student Recreation or the Administrative Assistant using the contact information located in the appropriate section of this handbook.

TRAVEL PROCEDURES AND PREPARATION

Club travel plans should be made at least three weeks in advance. The process of setting up lodging, registration payments, and transportation takes time. A well-organized trip is essential to allowing club members to perform their best and be successful in competitive events. It is best to always contact the event organizer well in advance to inquire about any event team/individual registration fees.

If clubs require class excuse letters for their travel, those requests should also be submitted to the Competitive Sports Coordinator at least three weeks in advance.

Sport Clubs traveling are required to have at least one member of the Sport Club traveling party be a Safety Officer. Teams must depart and return together.

LODGING

If travel requires an overnight stay, more options and better rates await those who make lodging reservations at least a month in advance. Options for lodging include university conference centers, motels, campsites, or personal residences. It is the responsibility of club officers/members to make their own lodging reservations. All in-state lodging is tax exempt. To pay for lodging expenses please consult with the Student Recreation Administrative Assistant to arrange pre-payment for club lodging costs.

TRANSPORTATION

All drivers, regardless of the mode of transportation chosen by the club, must be authorized drivers with the University. Please see the Sport Club Forms section of this handbook to complete this online form. Should anyone drive without being authorized, the club may receive a disciplinary hearing, and the individual will not be reimbursed for mileage. Please allow 5-7 business days for approval of authorized drivers after paperwork is submitted.

Personal vehicles provide clubs with one transportation option. Though a club is traveling on University business, vehicle owners must be aware that the vehicle owner's liability insurance, not the University, will be the primary insurance if an accident occurs. The University does not provide physical damage insurance (comprehensive or collision) on vehicles it does not own. Any club member driving a personal vehicle should carry personal liability insurance with limits of at least \$100,000/\$300,000/\$50,000 to be certain that there is adequate coverage in case of serious accident/damage claims. Contact the University Risk Management office with any additional questions.

Rental vehicles can also be an option for club travel. Please work with the Administrative Assistant to secure a rental vehicle. Per UW System policy, club travel is considered a Non-Business Use. For this reason, the following policies are outlined:

- Students under 21 do not have a non-business vehicle rental option.
- All non-business use rental will require the driver to pay for Collision and Liability insurance or use their personal insurance.
- Students (non-employees) 18 and over, renting a Business Use vehicle or utilizing a fleet vehicle, must be directed to do so in writing and must have an approved Vehicle use Agreement on file.

to be eligible for the free Collision and liability coverage under the Big Ten Rental Contract. Campuses are already developing these procedures.

The Student Recreation Suburban provides clubs with another transportation option. Please see the Coordinator or the Administrative Assistant for more information regarding the use of Suburban.

Buses, shuttles, and other options may also be available to clubs. Please see the Administrative Assistant to make these arrangements.

12 and 15 passenger vans are not allowed for club usage unless the driver has been certified through the Wisconsin Safety Council and the Department of Administration.

DEPARTURE AND IN-ROUTE

The driver(s) and all passengers must be on the approved travel roster and are required to comply with all Wisconsin motor vehicle laws including the seat belt and cell phone texting law.

In case of an accident, the driver of the vehicle must report the accident promptly to the local law enforcement agency and obtain a copy of the officer's report. Contact the Competitive Sports Coordinator as soon as practical and report the accident. In the event of serious bodily injury, contact the Competitive Sports Coordinator and University Police.

RETURN

Be certain to promptly return all trip reimbursement forms with receipts to be properly reimbursed. The Administrative Assistant is well informed on these details and can assist you in completing this information in an efficient and proper manner.

CLERY ACT

To comply with the Clery Act clubs must complete the pre-trip and post-trip forms and report any Clery Crimes. These forms are available in the appropriate section of this handbook.

HEALTH AND SAFETY

PARTICIPATION & RELEASE CONFIRMATIONS

All club members must be aware of inherent participation risks involved within their club's activities. It is the responsibility of each Sport Club president to see that each club member completes the necessary forms and files them with the Competitive Sports Coordinator. Sport Club participation and use of funds will not be allowed until Participation Form for every club member is on file with the Competitive Sports Coordinator.

Clubs sponsoring events on campus are required to have participants complete waivers before participating. Please see the Competitive Sports Coordinator for the most current waiver.

INSURANCE COVERAGE CLARIFICATIONS

1. The University of Wisconsin Oshkosh or its designated representatives does not provide health, accident, life, or liability insurance for Sport Club participants.
2. It is highly recommended that all members have adequate health insurance.
3. It is highly recommended that all Sport Club members participating in vigorous contact sports have an annual physical examination.
4. Student Organizations and Sport Clubs are encouraged to purchase specific liability insurance which is for the sole benefit of the individual students in those organizations/clubs.
5. Should Sport Clubs choose to bring outside vendors, groups, or organizations on campus, a certificate of insurance may be required. Please check with the Competitive Sports Coordinator in advance so that insurance expectations are met. Failure to meet this requirement may result in disciplinary action against the club and the outside party not being paid.

INJURY / SAFETY RESPONSE

Sport Clubs are expected to abide by all state and local, health and safety regulations. Event Managers may be present at all home competitions to monitor events. If directed by the Competitive Sports Coordinator, an Event Manager must be present for the competition to take place.

Injury Reports: Sport Club safety officers (with assistance from presidents if necessary) must complete a separate Accident/Injury Report form for every injury that occurs to club members during any club related activities whether at home or away, or in a practice or competitive event setting. These reports must be submitted online within 24 hours of the injury.

Incident Reports: Sport Club safety officers or presidents must complete a separate Incident Report form for every incident that occurs during any club related activity. These reports must be submitted online within 24 hours of the incident.

CPR/First Aid Certifications: It is required that at least one club member certified in CPR/AED, BBP and First Aid is present at all club activities. Each club shall have a minimum of two members receive the above-mentioned certifications. Student Recreation will provide this training certification at the beginning of the fall semester. The cost of CPR will be covered by each club. The current rate per certification is \$20, so the cost per club will be \$40. Clubs should remember to build this into the yearly budget request.

Suggestions: It is recommended that club officers, especially in sports where injuries are more prevalent, seriously consider the adoption of supervisory policies involving:

1. The presence of a licensed athletic trainer at all practice sessions.
2. The presence of a physician or licensed athletic trainer at all games and contests. This expense should be built-in to future budgets.
3. Setting rules governing the return of an injured or sick player to active status as a participant.

Athletic Training may not be provided by UW Oshkosh Athletic Training. Per HR policy, full-time athletic trainers may not be paid for services rendered above and beyond the current scope of their positions. In addition, Athletics will not have student employees/interns that are qualified to work. For ideas as to where athletic trainers may be solicited, please see the Competitive Sports Coordinator.

CONCUSSION PROTOCOL

Concussions should be handled with extreme care and attention. It is mandatory for all members of high-risk clubs to take the Impact Baseline Concussion Test prior to any club participation. This test measures regular cognitive function. In the event of a concussion, this test serves as a baseline comparison as the participant prepares to return to play. This test only needs to be completed before the club member's initial season with the club. The University athletic training staff will conduct this test.

When the club leader or safety officer sees a possible concussion occur, the participant will be removed from play immediately to prevent any further injury. An injury report is then completed per the injury report section of this handbook. The form will prompt the person completing the report to encourage the participant to visit the Student Health Center and Athletic Training office. The participant will not be allowed to return to play. The injury report will then be received by the Competitive Sports Coordinator, who will send an email to the participant explaining the concussion protocol, suspending the participant from play, and directing the participant to the Student Health Center, Primary Care Provider, Athletic Training office, and the Return to Play form. The Dean of Students office will be copied on this email.

Participants with suspected concussions should contact the Dean of Students office for accommodations, email professors regarding any missed classes, make an appointment with the Student Health Center and Athletic Training office, and rest both cognitively and physically.

When the Competitive Sports Coordinator receives the completed clearance form from the Athletic Training office and Student Health Center, the participant may return to play.

At the publication of the Sport Club Handbook, high-risk clubs include Cheer and Stunt, Ice Hockey, Karate, Men's Lacrosse, Women's Rugby, Men's Ultimate Frisbee, Men's Soccer, Women's Ultimate Frisbee, Men's Volleyball, and Women's Volleyball. The club status may change at the Competitive Sports Coordinator's discretion. Any low-risk club members suspected of sustaining a concussion will be required to present to the Competitive Sports Coordinator a completed Return to Play Form to be reinstated.

The cost of each concussion test will be covered by each club. The current rate per test is \$35 per person. Clubs should remember to build this into the yearly budget request.

EMERGENCY PROCEDURES

Emergency procedures for each home venue can be found in the appendices of this handbook. Please review these procedures for the practice and competition sites of your club. It is important to be prepared for any type of emergency so please contact the Competitive Sports Coordinator if you have questions about emergency procedures.

SEVERE WEATHER

The Competitive Sports Coordinator or student Event Manager has the right to cancel or postpone any club activity due to severe weather. Clubs may try to arrange make-up competitions but must comply with the decision of the Student Recreation staff person on duty at the time of the practice or event.

LIGHTNING

As per the recommendations of the National Severe Storms Laboratory (NSSL), the 30/30 Rule applies. The first 30 means if, between flash and bang, you count to 30 or less, you are in danger and should go

to safe shelter. The second 30 means wait 30 minutes from the last flash or thunder to establish "all clear." If it is longer than 30 seconds from flash to bang, good judgment should be used by consulting the radio, TV, or weather website for the area. Club events and practices must wait 30 minutes after the last flash of lightning or thunderclap before returning to the field.

SAFETY OFFICERS

Two members of each club will serve as safety officers. Safety officers are required to attend training offered by Student Recreation at the beginning of the Fall semester and the refresher course at the beginning of the Spring semester. Safety training will include practical training, information on safety forms, travel information, case studies, and more. Any member of the club is eligible to serve as safety officer provided that member does not hold the position of President or Treasurer. At least one safety officer should be present at all club activities.

Responsibilities of Safety Officers include attending training, complying with policies, procedures, and emergency action plans, enforcing any rules and regulations regarding health and safety, ensuring that no individual participates unless they are cleared to play, and other duties as assigned.

CHANGES/CANCELLATIONS

Cancellations or changes to any practices, competitions, and/or travel arrangements need to be discussed and explained to the Competitive Sports Coordinator as soon as it is known by the club.

CRIMINAL BACKGROUND CHECKS

Any camp, clinic, or event involving minors sponsored by a Sport Club will require all participating club members to complete a Criminal Background Check. This form can be found in the specific section of this handbook.

FACILITIES

FACILITY RESERVATIONS

It is in the best interest of each club to plan ahead and submit facility requests as soon as possible to ensure that space is available. Specific dates for the following academic year must be submitted by April 15. If you turn in your reservation form after this date, you may lose priority in the scheduling process. Sport Clubs may submit requests for facility use to support practice, competition (visiting teams, tournaments, etc.), instruction/coaching, club business meetings, display of promotional materials, and special events. Requests are made [online](#).

NOTES

1. The scheduling of facilities will be subject to University and individual facility use policies. Clubs will be expected to comply with the rules and regulations established for the use of each facility by the University of Wisconsin Oshkosh and/or its designated representatives.
2. The scheduling of games, matches, tournaments, etc. must be coordinated by the club president and the Competitive Sports Coordinator. For facility scheduling purposes, the Competitive Sports Coordinator must approve all on-campus schedules.
3. Each club must furnish the Competitive Sports Coordinator with a current schedule of practice and event dates, times, and locations.
4. The use of facilities not on University property must be coordinated through the Competitive Sports Coordinator.
5. Priority of facility reservations will be given to those clubs in season and/or those with scheduled contests.
6. Clubs found to be reserving facilities that they are not using may have facility privileges taken away.

COMPETITION

CONTRACTS

Any Sport Club game/competition contract needing signature(s) from a University representative, athletic director, or supervisor must get reviewed by Administrative Services before signature. At least two weeks in advance, please submit contracts to Administrative Services, Dempsey 236. Please contact Administrative Services with any contract questions (920-424-3990)

SCHEDULES

1. The responsibility for scheduling the season's activities rests with the individual Sport Club, including all practices, competitions, attendance of conferences and workshops, and travel.
2. A copy of each Sport Club's full schedule should be filed with and approved by the Competitive Sports Coordinator at least one month prior to the start of the activity season. This allows the club to plan their travel arrangements early and to be assured of the best chance for facility availability. Also, it gives the Competitive Sports Coordinator time to schedule an Event Manager for home events. If an Event Manager cannot be secured, the Competitive Sports Coordinator may cancel the scheduled event.
3. Schedule home and away contests equally, when possible.
4. Schedule contests near home when possible.
5. Scheduling of activities during exam week and the preceding week is strongly discouraged.
6. Events should be scheduled with institutions having the same sports on a club basis, when possible.
7. The Sport Club Council recommends that a club advisor, coach, or other approved representative (faculty or staff member) accompany the club to events.
8. If a home Sport Club event is scheduled, the club has 24 hours prior to the event to notify the Competitive Sports Coordinator of any cancellations. If the Event Manager arrives for work or hasn't been notified of the event cancellation, it will be the club's responsibility to cover the cost for the number of hours the Event Manager was scheduled to work for each respective event.
9. At least four weeks in advance, University Police must be briefed about any upcoming home event.

PRIZE MONEY

Any prize money earned while competing as part of a Sport Club will go to the club, not the individual, and should be deposited into account out of which the competition entry fee was paid. Clubs wishing to award prize money at a home contest must consult the Competitive Sports Coordinator for more information.

Spectators are encouraged and welcome at club-related activities. The collection of donations or establishment of fees must have the prior approval of the Competitive Sports Coordinator. The role of spectators is to provide support and encouragement. Spectators must remain in designated areas for their own safety and may not enter the playing area. Also, all University alcohol and drug policies for Sport Clubs apply to all spectators including non-University persons. Spectators violating these

guidelines or exhibiting unsportsmanlike conduct will be asked to leave the venue, and the hosting club may be held responsible and may be assessed additional consequences.

All other available building staff will direct all patrons to the locker rooms. Should the locker rooms not be able to provide space, or the locker rooms be an affected area, other options are the golf simulator area or OAC (Outdoor Adventure Center) hallway. Patrons who decide not to follow "shelter in place procedures" do so at their own risk. This shouldn't be announced however it's important to know that not everyone will listen.

Rec Plex: A building staff person will announce via loudspeaker that the playing field must be cleared and that all patrons must proceed to Gruenhagen Conference Center. Should Gruenhagen Conference Center not be a viable option, other options are the Rec Plex bathrooms or garage area.

Building staff will direct patrons out of their shelter location when the all clear signal is received via Titan Alert.

During a tornado warning if a person decides to leave the building you cannot physically deter them. Clearly reiterate to them that for their safety they should remain in the designated area.

Building staff must know their responsibilities and remain calm.

APPENDIX E

ROMANTIC RELATIONSHIP POLICY (EFFECTIVE JANUARY 1, 2018)

UWO SPORTS CLUB POLICY ON AMOROUS RELATIONSHIPS

The purposes of this policy are (1) ensure all UWO Sport Club coaches and staff adhere to ethical practices and expectations for maintaining appropriate professional relationships with club participants, prospective club participants and minors; (2) avoid incidents or perceptions of favoritism or sexual harassment, (3) provide a safe and healthy environment for club participants so that they may reach their full potential as students and as club participants; and (3) provide a safe and healthy environment for prospective club participants and minors who participate in (but not limited to) camps, clinics, club sports, and campus visits.

DEFINITIONS

Coach: Any person serving as a head coach, assistant coach, graduate assistant coach, coaching intern, or volunteer coach in the UWO Sport Club Program.

Staff: Any employee or student serving in the Student Recreation and Sport Club Program in an administrative, management, or support capacity, or in any capacity in which they supervise sports club members or have responsibility for the provision of services or other benefits to club participants, prospective club participants, or minors.

Supervisory control or authority: this includes any responsibility with the potential to affect the club member participation in the Sport Club program and includes the provision of direct services and benefits to the club participant, including but not limited to training, equipment, health services, academic and student life program support, tutoring, counseling, eligibility determinations, program compliance, and control over the student-club team.

Sport Club member: Any student at the University who is a member of a UWO Sport Club, as defined by UWO and NCAA regulations.

Prospective club participant: Any student who has entered the ninth grade, regardless of their athletics interest or ability.

Amorous relationship: Any consensual / non-consensual sexual, or dating relationship.

SCOPE OF THE POLICY AND ITS REQUIREMENTS

Coaches and Staff – Minors and Prospective club participants: This policy strictly prohibits amorous relationships between any coach or staff member and any minor or prospective club participants even if the prospective club participant has reached the age of consent.

Coaches – Sport Club participants: This policy strictly prohibits amorous relationships between any coach and any Sport Club participant regardless of any perception of consent by one or both participants. The respect and trust a Sport Club participant places in a coach, and the potential vulnerability of the Sport Club participant within a coach/club member relationship, make “consent” unreliable in this setting. This prohibition extends to coaches outside a Sport Club participant’s area(s) of participation, since perceptions of preferential treatment by coaching colleagues can prove problematic.

Every coach has an ethical obligation to maintain a professional relationship with Sport Club participants and to place participants’ well-being ahead of their own. This obligation includes responsibilities for providing a safe and healthy environment in which all Sport Club participants may flourish and for serving as a role model for all club members within the confines of professional

relationships. Amorous relationships between any coach and a Sport Club participants jeopardize the professionalism of the coach-club participant relationship and create a significant conflict of interest. Conflicts of interest are endemic to amorous relationships between coaches and Sport Club participants, and the costs to the participant, the team, the Sport Club program, and the University, necessitate a strict prohibition on amorous relationships between coaches and Sport Club participants.

Other (non-coaching) staff: Amorous relationships between staff and club participants are problematic, even in instances when the staff member does not have supervisory control or authority over a Sport Club participant. For that reason, amorous relationships between any UWO Sport Club staff and any club participant are strictly prohibited while the Sport Club participant is a member of a UWO Sport Club. Relationships that may develop between staff and former members who remain students at UWO must be disclosed to the Student Recreation Director. In any such instances, once the relationship is disclosed, the situation will be reviewed to determine if supervisory control or authority exists. If so, the staff member must be recused and responsibility reassigned. Care must be taken to ensure that the recusal and reassignment of responsibility does not negatively affect participation in the club, educational/employment opportunities, or benefits of Sport Club participants or staff.

ENFORCEMENT

Reporting a violation: Any person may allege a violation of this policy by contacting any department staff, or the University Office of Equal Opportunity and Access. Any coach or staff member with information suggesting a possible violation of the policy **must** promptly report it to the Student Recreation Director. Failure to do so will be considered a serious violation of Sport Club policy. If the report of information implicates the Sport Club in a violation of the policy, it should be directed to the Office of Equal Opportunity and Access.

Investigation: Upon receiving such a report or information, the Student Recreation Director shall immediately notify the University Office of Equal Opportunity and Access. The office will work with the Student Recreation Director to conduct a prompt and fair investigation, and an outside investigator may be appointed if deemed appropriate/necessary. If appropriate, involved personnel may be placed on administrative leave until the investigation is completed. Such investigation shall include interviews with any coaches, staff, and Sport Club participants with relevant information, and shall provide any coach or staff member accused of violating the policy with the opportunity to respond to allegations. In investigating a possible violation of the policy, the standard of proof to be used is whether it is more likely than not that the policy was violated (a "preponderance of the evidence" standard). Using this standard, the investigation will result in a determination of whether the policy was violated.

Coordination of information relating to violations of other university policy and/or criminal law: If the investigation leads to information suggesting that sexual harassment may have occurred, it shall be promptly forwarded to the Title IX Coordinator. If the investigation leads to information suggesting potential criminal misconduct, it shall be immediately reported to UWO Campus Police. However, the enforcement of this policy shall not be delayed pending the results of a criminal investigation.

Disciplinary action: If an investigation determines that a coach or staff member has violated the policy, that coach or staff member shall be subject to disciplinary action, up to and including dismissal. The Student Recreation Director, in consultation with the University Office of Equal Opportunity & Access, shall determine the disciplinary action to be imposed. Any disciplinary action taken will be in accordance with applicable University policy.

Confidentiality: Complaints, reports and information relating to possible violations of this policy shall be handled as confidentially as possible. Due care will be taken to avoid jeopardizing the enforcement of the policy, the conduct of a fair investigation, or the safety of the Sport Club participant(s) and other

persons connected with the Sport Club program. Information received in connection with a suspected violation of the policy shall be disseminated on a "need to know" basis; that is, only when necessary to ensure compliance with the policy and/or to ensure the safety of Sport Club participant or others who come in contact with the Sport Club program.

Retaliation: Any retaliation for reporting a violation of this policy, or for participating in good faith in any investigation of a violation of this policy, is strictly prohibited. Any persons taking retaliatory action in violation of this policy shall themselves be subject to discipline, up to and including dismissal.
