

Lake Winnebago Region Restructuring
 Project Decision

Originating Work Group or Department:	Sponsored Programs
Date Submitted for approval:	7/20/18
Decision Title:	OSRCA

Decision

UW Oshkosh Office of Student Research & Creative Activity (OSRCA) should provide services/information to Access campus faculty, staff, and students by the beginning of Fall 2018 semester.
Timeline: Immediately

Background

Details: OSRCA Director, Dr. Stephen Kercher, would like to extend services offered by OSRCA to faculty, staff, and students at the Access campuses, beginning Fall 2018. An orientation session for the Access campus faculty/staff is being planned by the Office of Sponsored Programs and OSRCA for early fall and will provide information on available services and procedures for obtaining support. Rationale: Access campus faculty/staff report that there is very little support for scholarly projects in collaboration with students. OSRCA can provide support to encourage these types of collaborations. Additional Info: Is there a possibility that OSRCA would be allocated additional funding to aid in providing support to the Access campuses?
