1) Overview:
   a) All state and local re-opening guidelines must be met before returning student-athletes to campus.
   b) UWO campus must be open to the general student population and staff before returning student-athletes to campus.
   c) Upon return to campus, all teams/student-athletes will complete Phase One and Two of NCAA’s Core Principles of Resocialization of Collegiate Sport (see phases below).
   d) Must be in Phase Three of the NCAA’s Core Principles of Resocialization of Collegiate Sport in order to compete in athletic competitions against other institutions.
   e) Plan will be implemented in collaboration with Titans Return for Fall 2020 policies and with guidance from the Winnebago County Health Department.

**NCAA Core Principles of Resocialization of Collegiate Sport**

<table>
<thead>
<tr>
<th>Gating Criteria</th>
<th>Have been satisfied in accordance with federal/ state/ local guidelines</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>1. A downward trajectory of influenza-like illnesses reported within a 14-day period and a downward trajectory of COVID-like syndromic cases reported within a 14-day period</td>
</tr>
<tr>
<td></td>
<td>2. A downward trajectory of documented cases of COVID-19 within a 14-day period or a downward trajectory of positive tests as a percentage of total tests within a 14-day period</td>
</tr>
<tr>
<td></td>
<td>3. Hospitals can treat all patients without crisis care and there is robust testing program in place for at-risk health care workers, including antibody testing</td>
</tr>
</tbody>

<table>
<thead>
<tr>
<th>Phase One</th>
<th>In accordance with federal guidelines, resocialization of sport for Phase One assumes the following:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>1. Gating criteria have been satisfied for a minimum of 14 days.</td>
</tr>
<tr>
<td></td>
<td>2. Vulnerable student-athletes, athletics health care providers, coaches and athletics personnel should continue to shelter in place. Vulnerable populations include individuals with serious underlying health conditions such as high blood</td>
</tr>
</tbody>
</table>
pressure, chronic lung disease, diabetes, obesity and asthma, and those whose immune system is compromised, such as by chemotherapy.

3. Those living in dorms and other residences where vulnerable individuals reside should be aware that by returning to work or other environments where distancing is not practical, they could carry the virus back home, and appropriate isolating precautions should be taken.

4. Physical distancing should continue.

5. Gatherings of more than 10 people should be avoided unless precautionary measures of physical distancing and sanitation are in place.

6. Gyms and common areas where student-athletes and staff are likely to congregate and interact, should remain closed unless strict distancing and sanitation protocols can be implemented.

7. Virtual meetings should be encouraged whenever possible and feasible.

8. Nonessential travel should be minimized, and Centers for Disease Control and Prevention guidelines regarding isolation after travel should be implemented.

**Phase Two**

In accordance with the federal guidelines, if Phase One has been implemented successfully, with no evidence of a rebound, and gating criteria have been satisfied for a minimum of 14 days since the implementation of Phase One:

1. Vulnerable individuals should continue to shelter in place.

2. Awareness and proper isolating practices related to vulnerable individuals in residences should continue.

3. Physical distancing should continue.

4. Gatherings of more than 50 people should be avoided unless precautionary measures of physical distancing and sanitization are in place.

5. Gyms and common areas where student-athletes and staff are likely to congregate and interact should remain closed, or appropriate distancing and sanitation protocols should be implemented.

6. Virtual meetings should continue to be encouraged whenever possible and feasible.

7. Nonessential travel may resume.

**Phase Three**

In accordance with the federal guidelines, if Phase Two has been implemented successfully, with no evidence of a rebound, and gating criteria have been satisfied for a minimum of 14 days since the implementation of Phase Two:

1. Vulnerable student-athletes, athletics health care providers, coaches and athletics personnel can resume in-person interactions, but should practice physical distancing, minimizing exposure to settings where such distancing is not practical.

2. Gyms and common areas where student-athletes and staff are likely to congregate and interact can reopen if appropriate sanitation protocols are implemented, but even low-risk populations should consider minimizing time spent in crowded environments.

3. Unrestricted staffing may resume.
2) Applicability:
   a) Student-athletes, athletic staff, external stakeholders

3) Procedure:
   a) COVID-19 Mental Health
      i) Post signs for national distress hotline (1-800-985-5990)
      ii) Athletics will consult with the Counseling Center regarding any COVID-19
          mental health related issues and refer to those SOPs.
   b) Student-Athlete Meet and Greet
      i) The fall semester Student-Athlete Meet and Greet will be postponed until the
          Spring semester.
      ii) A decision will be made on Dec. 1 if a Student-Athlete Meet and Greet will
          take place in the spring.
   c) Fundraisers and Camps/Clinics
      i) Any athletic in-person fundraisers and camps/clinics, on campus or off campus
         where more than your team will be present, will be canceled for the fall semester.
      ii) If a fundraiser does not include student-athletes, a plan must be presented
          to the Director of Athletics or Associate Athletic Director to determine the risk and
          liability involved with the fundraiser for it to get approved.
      iii) A decision will be made on Dec. 1 if future fundraisers will take place in
          the spring.
   d) Community Service Activities
      i) All community service activities will be halted during the fall 2020 semester.
      ii) Community service activities will be reevaluated in December for the spring semester.
   e) League of Titans
      i) Due to furloughs and economic impact, the League of Titans will suspend
         membership drives for this academic year.
      ii) Should spectators be allowed at events, 2019-20 League of Titans
          members will be allowed to purchase a ticket at the senior citizen price during the
          fall semester.
   f) All-Season Passes and Titan 10 Cards
      i) In order to control and monitor attendance, no All-Season passes or Titan 10
         Cards will be available this academic year. Only regular priced tickets will be
         available.
   g) Use of Clash the Mascot
      i) For the 2020-21 academic year, Clash the Mascot will not be utilized in any
         capacity unless approved by the Athletic Director of Associate Athletic Director.

4) Guidance Documents/Policy Links:

5) Definitions
   a) COVID like illness/symptoms
      i) Shortness of breath
      ii) Difficulty breathing
      iii) Cough or other respiratory symptoms
      iv) Headache
      v) Chills
      vi) Muscle aches
      vii) Sore throat
      viii) New loss of taste or smell
      ix) Nausea, vomiting or diarrhea
      x) Pain, redness, swelling or rash on toes or fingers (COVID-toes)
      xi) New rash or other skin symptoms
      xii) Temperature of 100.4° Fahrenheit or greater
   b) Known Exposure
      i) Contact with an infected individual or prolonged contact with a crowd without physical distancing
   c) Isolation
      i) Keeping sick people away from others by limiting contact. They are separated from everyone else either in their home or in another place that allows for it.
   d) Quarantine
      i) Restricts movement and contact of healthy people who have been exposed and lasts for 14 days.
   e) COVID-19 PCR test
      i) A laboratory test for use in testing patient specimens for severe acute respiratory syndrome.
   f) Personal Protective Equipment
i) Protective materials such as gowns, gloves, masks, face shields, among others designed to protect the wearer's body from injury or infection.

g) Medical Stability
   i) Medical Stability is determined by the mental status and vital signs of the patient.
   (1) A patient is considered mentally unstable if the patient does not have any motor response or is unable to respond. This includes no reaction to a pain stimuli, unable to move, unable to obey commands, no eye response (pupil dilation or constriction), no verbal response (this includes no response at all, incomprehensible words, not making any sense, confused, or disoriented speech).
   (2) A patient is considered to have unstable vital signs if a patient is increased temperature (above 100.4 F), unable to breath (or difficult breathing), does not have a pulse, decreased oxygen blood saturation, or abnormal blood pressure.
   (3) A patient is considered to be medically stable if they have full mental status (able to comprehend what is happening around them and able to focus) and have normal vital signs (normal heart rate, respiratory rate, blood pressure, temperature, and oxygen saturation).

h) Re-Acclimatization
   i) The act or process of readapting an individual to a given environment or situation.

i) Contact Tracing
   i) Communication process that supports an infected individual and also identifies individuals that may be at risk for COVID-19 due to contact with an infected individual. It is important to limiting the spread of COVID-19 by identifying those that are at risk and asking them to isolate (positive COVID-19 patient) or quarantine (healthy person that encountered a positive COVID-19 patient).

j) Actively Participating
   i) When a student-athlete is involved in either practice or games and is participating in practice. A student-athlete is not actively participating when they spend the majority of time during a practice or game watching other players.

6) Revision History:
