1) Overview:
   a) UW Oshkosh Intercollegiate Athletics will be following all recommendations and guidelines of the NCAA’s Resocialization of Collegiate Sport. These recommendations and guidelines are updated frequently and can be found by going to: https://www.ncaa.org/sport-science-institute/covid-19-coronavirus.

2) Applicability:
   a) Student-athletes, athletic staff, external stakeholders

3) Procedure:
   a) COVID-19 Mental Health
      i) Post signs for national distress hotline (1-800-985-5990)
      ii) Athletics will consult with the Counseling Center regarding any COVID-19 mental health related issues and refer to those SOPs.
      iii) Provide each student-athlete and staff with a year subscription to the app Headspace.
   b) Student-Athlete Meet and Greet
      i) The fall semester Student-Athlete Meet and Greet will be postponed until the Spring semester.
      ii) A decision will be made on January 1, 2020 if a Student-Athlete Meet and Greet will take place in the spring.
   c) Fundraisers and Camps/Clinics
      i) Any athletic in-person fundraisers and camps/clinics, on campus or off campus where more than your team will be present, will be canceled for the fall semester.
      ii) If a fundraiser does not include student-athletes, a plan must be presented to the EOC at UW-Oshkosh to be evaluated.
      iii) A decision will be made on January 1, 2020 if future fundraisers will take place in the spring.
d) Community Service Activities
   i) All community service activities will be halted during the 2020-21 academic year.

e) League of Titans
   i) Due to furloughs and economic impact, the League of Titans will suspend membership drives for this academic year.

f) All-Season Passes and Titan 10 Cards
   i) In order to control and monitor attendance, no All-Season passes or Titan 10 Cards will be available this academic year.

g) Use of Clash the Mascot
   i) For the 2020-21 academic year, Clash the Mascot will not be utilized in any capacity unless approved by the Athletic Director of Associate Athletic Director.

4) Guidance Documents/Policy Links:
   f) Core Principles of Resocialization of Collegiate Basketball: https://www.ncaa.org/sport-science-institute/core-principles-resocialization-collegiate-basketball

5) Definitions
   a) COVID like illness/symptoms
      i) Shortness of breath
      ii) Difficulty breathing
      iii) Cough or other respiratory symptoms
      iv) Chest pain
      v) Severe headache
      vi) Chills
      vii) Muscle aches/ body aches
      viii) Sore throat
      ix) Congestion/ runny nose
      x) New loss of taste or smell
      xi) Nausea, vomiting or diarrhea
xii) Pain, redness, swelling or rash on toes or fingers (COVID-toes)

xiii) New rash or other skin symptoms

xiv) Temperature of 100.4° Fahrenheit or greater

b) Known Exposure
   i) Contact with an infected individual or prolonged contact with a crowd without physical distancing

c) Isolation
   i) Keeping sick people away from others by limiting contact. They are separated from everyone else either in their home or in another place that allows for it. Minimum of 10 days, but may be extended due to severity and length of symptoms.

d) Quarantine
   i) Restricts movement and contact of healthy people who have been exposed and lasts for 14 days.

e) COVID-19 PCR test
   i) A laboratory test for use in testing patient specimens for severe acute respiratory syndrome.

f) Personal Protective Equipment
   i) Protective materials such as gowns, gloves, masks, face shields, among others designed to protect the wearer's body from injury or infection.

g) Medical Stability
   i) Medical Stability is determined by the mental status and vital signs of the patient.
      (1) A patient is considered mentally unstable if the patient does not have any motor response or is unable to respond. This includes no reaction to a pain stimuli, unable to move, unable to obey commands, no eye response (pupil dilation or constriction), no verbal response (this includes no response at all, incomprehensible words, not making any sense, confused, or disoriented speech).
      (2) A patient is considered to have unstable vital signs if a patient is increased temperature (above 100.4 F), unable to breath (or difficult breathing), does not have a pulse, decreased oxygen blood saturation, or abnormal blood pressure.
      (3) A patient is considered to be medically stable if they have full mental status (able to comprehend what is happening around them and able to focus) and have normal vital signs (normal heart rate, respiratory rate, blood pressure, temperature, and oxygen saturation).

h) Re-Acclimatization
   i) The act or process of readapting an individual to a given environment or situation.
i) Contact Tracing
   i) Communication process that supports an infected individual and also identifies individuals that may be at risk for COVID-19 due to contact with an infected individual. It is important to limiting the spread of COVID-19 by identifying those that are at risk and asking them to isolate (positive COVID-19 patient) or quarantine (healthy person that encountered a positive COVID-19 patient).

j) Actively Participating
   i) When a student-athlete is involved in either practice or games and is participating in practice. A student-athlete is not actively participating when they spend most of the time during a practice or game watching other players.

6) Revision History:
   a) Created: June 25, 2020
   b) Revised: October 2, 2020
