I. **Overview**
The UWO-Fox Cities campus is requesting to re-open the fitness center for student and staff use during open building hours, starting Jan. 19, 2021. The number of people on campus is very minimal so I’m not anticipating a lot of traffic in the center. However, this will provide an opportunity for the few international students that are in housing, access to being able to work out.

Locker rooms will not be accessible for use. Personal belongings can be stored in the front area of the fitness center while individuals are in the center.

The water fountain is not operating, so individuals must bring their own water bottles.

Signage regarding masks, physical distancing, hygiene and disinfection will be posted on the entrance doors and inside the center.

II. **Applicability:**
This will apply to all UWO-Fox Cities students and staff that will be using the fitness center.

III. **Procedure: Moderate Alert Protections in Place**

A. **Face Covering Requirements**
   1. Face coverings are required by all individuals while in the fitness center.

B. **Physical Distancing Parameters**
   1. Maximum individuals in the center will be 6.
   2. All individuals will be required to maintain at least a distance of 6 feet from one another.

C. **Hygiene**
   1. Hand sanitizer will be provided to utilize as needed.

D. **Disinfection**
1. Each piece of equipment that is used will be wiped down and disinfected prior to and after each use by the individual using the equipment. (Wipes and disinfection spray provided by campus B&G)
2. Access points will be cleaned to the standards outlined by campus facilities and custodial services. Buildings and Ground crew will use the 360 Clorox machine every evening after the facility is closed to disinfect the area.

IV. Procedure Modifications: Very High Alert – Facility will close until the level of alert moves to High.

V. Procedure Modifications: High Alert - The number of individuals allowed in the fitness center will be decreased by 50% of the moderate alert protections.

VI. Procedure Modifications: Low Alert – Touch-free access points will continue to be used. Face coverings may no longer be required.
