

CSAC NewsBreak

Welcome to CSDAD 2012

Composed by Amanda Ziesemer

June 1 was here before we knew it – but feeling the cooler temperatures outside it was hard to tell it was Classified Staff Development & Appreciation Day. Nevertheless, it was a wonderful day full of great activities focusing on the theme: Live Healthy. Live Simple. Live Green. CSDAD 2012 is the first event on campus to receive the UW Oshkosh Green Event Certification. We achieved a Level 4 Green Event classification on a scale of 1-4 (4 being the highest). Thank you for your help achieving this!

Classified staff started showing up early to eat breakfast, mingle and check out the Services Fair in Reeve Union. Each participant got an insulated cooler and water bottle. Nicole Bourassa, co-chair of CSDAD started off the day along with Chancellor Wells by welcoming everyone. Chancellor Wells complimented the classified staff for our leadership through the changes campus has seen and reminded us that we should be proud of what we are doing here. Reports and thanks from last year's recipients of the Sally Margis Scholarship Award, Jill Reichenberger and Paula Hayford, were given and Ann Armstrong was announced as this year's recipient to jump start her dreams. Ann is working on her degree in Organization Management, and the funds will help with tuition and textbooks. Watch for next year's scholarship application that will come out Spring 2013.

Then we welcomed CSDAD 2012 keynote speaker, Todd Andrews, to the stage. Todd is a comedian from Boston who moved to Wisconsin for his "farm girl" wife. He is known as the "Boston Boy Lost in Wisconsin," which the crowd quickly discovered. Todd's act was about his experiences living in Wisconsin and all the "funny" things we do in this state. He had many cracking up with his descriptions of accents, Midwest Nice, hunting experiences and acclimating to words like pop, honkin' and suckers. And most importantly, men, remember there is a correct way to put toilet paper on the holder!

To read more about the keynote speaker, visit <http://www.toddandrews.com>.

Snapshots: <http://www.uwosh.edu/today/19390/snapshots-classified-staff-development-and-appreciation-day/>

Live Healthy. Live Simple. Live Green.

Mark your calendars for next year:
May 31, 2013!

UWO Goes Google!

Composed by Amanda Ziesemer

Hopefully by now you have read the emails or been at a meeting where it has been discussed: we are moving from TitanMail (powered by Sun) to TitanApps (powered by Google)! By this point many have already transferred to the new system, including TitanApp Tutors and Early Adopters. Students will be moved starting July 1, and the rest of employees will transfer starting July 15 for the following three weeks.

You will receive an email with directions to activate your TitanApps account by signing in with a temporary password. When your time to transfer has arrived, you will receive an email "Mail now being delivered to your TitanApps account." At that point, all your current emails will be copied to TitanApps and all new mail will start to arrive there. Once the mail copy is completed, you will receive an email confirming this in TitanApps. You can still log-in to TitanMail until the end of the year. All of your email (except those in your trash) and contacts will be transferred. If you use a client, make sure all your emails are in Sun - emails on your computer will not transfer. Calendar and any filters will not transfer. If you already use your @uwosh.edu address with Google, you will need to change this (see website below for directions). TitanApps functions the same as any other gmail account - new options include conversation view, labels and archiving. There are lots of exciting options and flexibility with TitanApps!

Along with the email changing, we will be moving to a NetID for most of our log-ins. Your email log-in will no longer work for these. On June 28 and 29 many of those sites (Desire2Learn, Library database access, My Wisconsin portal [HRS], and WISDM) switched to log-in by NetID, which is your computer log-in. Other sites to change include Wireless, Plone, Titan Files (6/19), and MyUWOPortal/StarRez. PeopleSoft log-in remains the same. More info on NetID: <http://www.uwosh.edu/acs/services/account-services/netid-account>.

The TitanApps Migration Team is on track with the transfer, and the goal is to have everyone transferred by August 3. Please make sure you are reading their email messages so you are prepared for the transfer.

Questions or problems? There are a lot of resources to help:

- Visit: <http://www.uwosh.edu/acs/services/account-services/netid-account> to see instruction guides, FAQs, and tours!
- Look for a TitanApps Tutor in your area - he or she will have a desk sign displayed
- Contact Academic Computing Help Desk at x3020 or go-google@uwosh.edu
- Training sessions and open labs this summer and into the fall - TBA

Representatives to be Added to CSAC

Submitted by Cindy Schultz

In February 2012, UW Oshkosh classified staff approved that the Classified Staff Advisory Council (CSAC) would serve as the official voice for classified staff on this campus. At that time, a survey was done asking if new members should be added, and if so, from what areas. Of the 95 responses received, 59% felt that additional members should be added. In regard to where additional representation should come from, 20% believed that the academic colleges should be more represented. The next areas where additional representation was requested included the trades (15%), facilities/custodians (10%) and blue collar (8%). In doing research of the numbers of staff that are within each of these areas, the CSAC has chosen to add two new seats to the Council. One person will be selected from classified staff within the College of Business, College of Education and Human Services, and College of Nursing while the other seat will come from the Facilities Management area (Custodial Services, Facilities Administration, Grounds Maintenance, Heating Plant Operations, HVAC, Structural and Lock Shop).

We know that some classified staff have limited or no work hours in the summer, but we are hopeful that all staff check email from time to time. The Council is urging anyone who is interested to self-nominate for one of the open seats. If you want to check us out, our next meeting is scheduled for Wednesday, August 8, 2012 at 1:00 p.m. in Sage Hall 2210. We will be accepting official nomination forms from August 13 through August 21—this can be done either via paper form or by sending an email to our elections committee (baina@uwosh.edu). Our goal is to hold the election August 27 through September 6. CSAC will officially welcome the two newly-elected members to the Council at the September 12, 2012 meeting.

If you have any questions or concerns, please feel free to contact Cindy Schultz, CSAC Chair, at schultzc@uwosh.edu or 424-1042.

The G.A.T.O.R. Award

Awarded to: Rae Ann Wetzel - OSA Office in Reeve Union

Rae Ann Wetzel received the first-ever CivilityWorks GATOR Award on May 7, 2012. The GATOR (Great Attitude That Overcomes Resistance) is a traveling trophy that recognizes others having positive attitudes, showing simple acts of kindness, support for others, and an overall community oriented attitude. Rae Ann received the award to recognize her energetic work in support of the CivilityWorks initiative—helping with various activities and events such as the Oshkosh Race Unity Project.

Rae Ann will now be on the lookout to decide who next receives the honor and trophy. Watch out for the GATOR to show up near you! For more information: <http://www.uwosh.edu/civilityworks/news/rae-ann-wetzel-first-g.a.t.o.r.-award-winner>

CSDAD 2012 Workshops

Compiled by Amanda Ziesemer

The next few pages are all the workshops that were offered this year at CSDAD with comments that were filled out on the evaluation forms. This gives you a chance to hear about other's experiences and get ideas of what you might like to try next year!

CRAFT

Make & Take a Mosaic Flowerpot by Dawn Abraham

- Dawn is phenomenal! What a great workshop. Absolutely loved it.
- Dawn Abraham was excellent and I really enjoyed the workshop. I would highly recommend Dawn to do another workshop next year.

Introduction to Knitting by Sharon Kipetz & Karen Heikel

- Could have been a bit longer session. Hard to cover everything in the time allotted. The instructors were very good--very informative and have agreed to meet with folks on a weekly basis, if desired.
- Sharon & Karen were great. Very friendly and helpful with the class.

Rubber Stamping of Greeting Cards by Kelly Acheson

- Made me want to start rubber stamping!! This was fun!
- Lots of fun and cool cards that I made myself to boot. Wish I had the equipment to do a lot of this stuff at home!

Beginning Crochet by Gail Larson

- The presenters were very patient with us all. It has sparked my interest to learn more.
- Still working on my hot pad! :)

Glass Garden Sculpture by Sharon Kipetz & Karen Heikel

- LOVED this session--making stuff is always good for the soul!
- I had so much fun being creative! This class rocks!

Other workshops included **Frame It Up** by Dinah Mueller and **Vintage Jewelry** by Debra Talkington

HOBBY

How to Update/Remodel Your Bathroom by Cory Wedemeier

- Cory did a great job. I loved the hands-on part not just listening to some guy talk at you. He had a great personality and 'no question was a dumb question' sort of attitude. Bring him back next year.
- It was good. A lot of information for the amount of time. I hope to try installing tile now.

Bake It Pretty by Rhiannon Bruins

- Went to this the year before, they had two people who actually showed a couple of techniques - How to make petals, leaves, a flower. This gal was just ok, a little more instruction would have been nice.
- Lots of fun, and Rhiannon is fantastic! :)

Choosing the Right Pet For You by Janine Rubeck

- I really enjoyed this workshop. The instructor, Janine, was very knowledgeable, and I enjoyed the Great Dane, Roger, that she brought along!
- Answered every question as best as she could...very great class.

CSDAD 2012 Workshops Continued

Half Hour Home Cooking by Charity Chandler

- This was really good - I appreciated the recipe handout and demo of the recipes. Charity had the dishes pre-made, so we shared in taste testing the creations she was demonstrating. I would recommend this workshop again for next year.
- Charity was so good--so friendly, knowledgeable and informational. Menu was fabulous and always love to get new recipes. I would recommend this session.

A True Experience with Paranormal Investigators by DW Steffen, Christy Reuter, & Tim Reuter

- These people were really wonderful, could have spent more time asking questions and listening to their experiences.
- Very interesting! They knew their material!
- They talked more about what they used when looking for ghosts. I thought they would talk more about their experiences finding ghosts. There were no stories about their "experience" with this. All they did was play some sounds from their website. Some people were sleeping during the presentation and some got up and walked out before they were finished.

Basic Dog Training by Janine Rubeck

- Answered all the questions that were asked!! And also filled us with different pointers!

Thrifty Interior Design by Andrea Martin

- Thought it was going to be more ideas rather than concepts.
- It was okay and somewhat informative, but the name/description were kind of misleading. I didn't feel like I learned anything about thrifty interior design, but rather got an Interior Design 101 lesson. Also, it didn't seem to have a flow. For example, she started talking about feng shui and then suddenly started talking about color theory. It just didn't seem to work well. I liked her as a person though, and she was very informative. I just would like to see this adjusted for next time.

To Ireland & Back by Rob Clancy

- I did learn some new things but I was hoping to see more of the countryside/historical things, and hear a little more about the culture they may have experienced.
- You could tell that the trip to Ireland was life-changing for Rob. I enjoyed his stories and his pictures. Maybe someday I'll get to see Ireland, too.

Pictures from morning session.

CSDAD 2012 Workshops Continued

LIVE HEALTHY: Health & Fitness

Bicycle Basics by Dan Walzer

- Speaker was very knowledgeable but needed to speak up a bit.
- Did a good job, liked the fact he brought bikes to actually see and demonstrate on as well as many accessories.

Climbing Wall by Greg Batten

- It was disappointing to hear I, as a staff member, have no way to enjoy climbing this wall unless it happens to be CSDAD. It is almost like saying, "Isn't this climbing fun? I hope you enjoyed it because there is no way for you to get a membership to climb."

Concepts in Organic Vegetable Gardening by Kimberly Miller

- Some people wished that Kim had presented her own garden, rather than theory. I liked the theory. I also liked talking with other gardeners at the workshop. I loved that concepts were organic.
- Kimberly was a really good presenter, but a newbie at it so it went faster than she expected with her nerves. I would definitely invite her again--good info!

Fitness Walking Tour by Danielle Beauchamp, Ann Broker, Kiley Hauck, & Katie Kitzke

- Would have liked to be able to do a longer walking route, did it twice and still had 15 minutes left of work shop time. Maybe different drop off points for the people who walk way too slow or can't walk very far. Would have been nice to have pedometers to use to see how they work.
- Excellent morning for a walk! But the group got separated from one another, and we had no idea where we were supposed to end up! But still very fun!

Kayaking the Fox River by Greg Batten

- This was so much fun and we had perfect weather. I can't wait to go again!
- I have never gone kayaking. The instructors did a great job and I had a lot of fun.
- Again, nice way to get active outside! It was a lot more rewarding and relaxing to me than spending the time indoors listening to a workshop. Love that hands-on stuff.

Nutritional Supplements Made Easy by Penny Guette

- Speaker never discussed supplements and closed with a pitch of her "health products."
- This was okay but it was not at all about supplements, as advertised. She was informative about foods and the samples were good, but I was hoping to learn about supplements!

Ten Tips for Healthy Eating by Dr. Paula McNeil

- Great presenter - knowledgeable and helpful ideas. Got me enthused to eat better.
- Presenter was awesome and answered all our questions. She tried to address all the concerns or questions we had for attending this session. Lots of tips and how to go about achieving them. Very positive and encouraging and realistic!

Foundations of Yoga by Kaitlyn Schoofs

- Was perfect, the instructor was excellent and did a great job with explaining and doing a workout that I felt everyone could do. Never tried yoga and after that I would like to take her class if she offers one.
- I have low back problems so I wasn't able to do everything but I did experience some pain relief that lasted throughout the day. :)

CSDAD 2012 Workshops Continued

It's More than Just Rabbit Food by Charity Chandler

- Charity did an outstanding job & should be invited back!!!!
- I really enjoyed this workshop. Charity had a nice menu of fairly simple, healthy salads to prepare. She has a pleasant way of chatting as she's chopping, which made it entertaining. She was pretty well-prepared and I was glad she had the recipes printed plus additional ones to take home. And I was glad she asked about food allergies!

Other workshops about health and fitness included: **Living Longer: Assessing Risk Factors that You Can Change and Cannot Change** by Tammy Chapin & Sarah Pollesch, **Office Exercise** by Kathy Jozefowski, **Overview of Integrative Medicine and Medical Acupuncture** by Jennifer Norden, **Don't Let Stress Ruin Your Day** by Kathleen Mueske, **Intro to Healthy Titans Fitness Program** by Craig Biwer, **Small Steps to Health & Wealth** by Kristi Cutts, and **Exercise Myths** by Dan Schmidt

LIVE SIMPLE. LIVE GREEN.

Campus Garden by Grant Davey

- The campus gardener (Grant) in charge was personable and explained the plans he had for landscaping the campus. He was well-prepared for what he had us do (soil was prepared, plants were organized, equipment provided). It was nice chatting with fellow planters while we worked.
- It was great to hear the campus garden plan and to be a part of it by getting in the dirt to plant.

Clutter, Clutter Everywhere or Downsizing Life's Possessions by Christine Kniep

- Thoroughly enjoyed this workshop. However, now I have to reduce my clutter :)
- I liked that she pointed out that I wasn't the only person who had clutter, it was something she dealt with also. I liked the handout with simple ways to start cleaning up and her advise on starting small.

Trash to Treasure by Andrea Martin

- I learned a lot that I could do with things around my house.
- Didn't seem like she was prepared. Seemed like she "winged" it. Also, she got there a little late. I liked the bags she made.

Biodigester Tour by Brian Langolf

- This is a star for UW Oshkosh. I hope there can be more information shared about the biodigester as the program grows.
- This was so informative and a great way to educate the community.

Other Live Simple. Live Green. Workshops included: **Energy Conservation – The Green Secret** by Bob Hemke, and **Sustainable Living Tips** by Mike Lizotte

TECHNOLOGY

Digital Editing of Photographs by Nick Dvoracek

- I liked the hands-on aspect.
- Would've liked a bit more technique and editing instruction and not quite as much how to take photos.

Technology at Your Fingertips by Nate Wielgosh

- Nate was great.
- It was so good, stayed for his next session on the Kindle.

Other technology workshops included: **Securing your Home Computer** by Mark Clements and **The Book Revolution – Kindle or Nook – Which is Best?** by Nate Wielgosh

CSDAD 2012 Workshops Continued

COMMUNITY

A Native American Culture & Heritage Talking Circle by Lisa Hurst & Lola Smith

- Huge topic for so short a workshop.
- I learned a lot and wish we would have had more time with these presenters.

"Bullied" Film & Discussion with EQUAL by Liz Cannon & Nik Shier

- Wish we would have had more people for the discussion.
- Exactly what I anticipated. Unfortunately, everyone is short on answers on how to realistically solve the problem.

Creating Good Communities for People Living with Dementia by Susan McFadden

- This was a very valuable workshop and the presenter was wonderful!

Oshkosh Farmers Market by Dennis & Karlene Leatherman

- Very informative and I was amazed at all that goes into the farmers market and the future plans they have in the works.

The other Community workshop was **UW Oshkosh Community Garden** by Mark Cesario

AFTERNOON WORKSHOPS

Divide And Conquer: Growing Your Garden by Tom Fojtik

- Great program and Tom was his enthusiastic self!
- Tom Fojtik always does an excellent job. He is so knowledgeable and funny. I have gone to his presentation several times and will always want to hear him. He always has new information and is totally enjoyable.
- I've never been disappointed by any presentations by Tom. Theme of this year's presentation went well with our "green" theme for this year.
- The photos and video were entertaining. He answered all questions that were asked and the raffle was a nice surprise!
- Fantastic, wonderful, stupendous, and funny.....plus I got a hosta out of the deal. Will sign up for his workshops again and again.

Film Essentials by Troy Perkins

- Love the enthusiasm of a film junkie! So funny how EVERY film is the BEST film ever made and ever director is the BEST director ever! Ha! Great class, very informative!
- If you are a film buff, this was a fitting selection.
- Not enough time to really get into the films. We were only able to see a few clips. The presenter was good - I think he may easily fill up the longer workshop time offered in the morning.
- Very interesting and enjoyed the history part of the old silent movies. Very cushy seats which made it sometimes hard to keep your eyes open after eating lunch but we did it!
- He clearly loved the subject and preparing for it. Very interesting!

Seeing With the Eye of an Artist by Christie Charbonneau Wells

- Interesting and thought-provoking.
- Always interesting to see artists work and describe what they were thinking as they created their pieces.
- Mrs. Wells was actually very charming. I loved her slide show. It was a worthwhile workshop. However, I would have liked to see more of her artwork - slides would have been great.
- Her presentation of encaustic art was engaging. She talked about the history, her creative process, and the nuts and bolts of working in the medium. She made it hands-on, so we could experience the art with more than our eyes and ears.
- AWESOME program! I loved seeing the slide presentation of the Omani people. Also to see where Christie got her inspiration for much of her "new" work since her visit. Very well done! THANK YOU!

Classified Staff Giving

A big THANK YOU to everyone who supported our service projects and donated this year. We are always amazed at the participation and thank you for helping us focus on reusing, recycling, and giving. We collected:

- 23 pairs of prescription glasses for the Lions Club
- 13 cell phones and 1 box of items for Christine Ann Domestic Abuse Shelter
- 6 large boxes of items for the Oshkosh Community Food Pantry
- \$24.51 in monetary donations that will be used to purchase additional items for the Christine Ann Shelter

Classified Staff Spring Fling Raffle Winners

Congratulations to all the winners of the Classified Staff Spring Fling Raffle! Thank you to all who purchased the golden raffle tickets and supported the Classified Staff Endowment Fund!

Grand Prize \$500.00—Nancy Bogenhagen
 iPad 3—Daniel Dramer
 Kindle Fire—Louise Koslucher
 Bridgewood Hotel stay—Jill Reichenberger
 TV—Peggy Adamski
 Framed Christy Wells print—Gail Larson
 \$100 Cash—Jenny Wraalstad, Sarah Kriha, Jessica Kleier, Malissa Bonlender, Donald Mocker, Erika Zakrzewski
 Golf Bag—Donna Mleziva
 McKnight/Carlson Wine Gift Basket—Al Hartman
 Waterfest Season Pass—Ted Balzer & Laura Delikowski
 \$50 Chamber Gift Certificate donated by UW Oshkosh Credit Union—Jackie Boese
 Scentsy Basket donated by Cindy Schultz—Duane Goupell
 2 Country USA Passes—Marshelle Bergstrom & Amy Brecheisen

CSDAD Game Winners

Bean Bag Toss: Bruce Nobel and Brian Klinger
 Placemat: Paulette Feld

CONGRATULATIONS!!

Thank You!

CSDAD would not be a huge success without the help of many groups and individuals on campus! We thank you for your help, time and support:

- Classified staff, academic staff, faculty and community members for being presenters for many of our wonderful workshops
- All the CSAC committees that plan and execute CSDAD: See page 11
- IMC photographer Doug Sundin for taking wonderful pictures of the day
- All of our Supporters (see below)
- Everyone who donated prizes for CSDAD
- Everyone who purchased the “gold” raffle tickets
- UW Oshkosh for supporting CSDAD
- And all classified staff for participating!

The STAR Awards

The STAR Award is given monthly to a Classified Staff member who has worked at least six months at UW Oshkosh and has demonstrated a "commitment to the University by virtue of outstanding performance in support of the University's goals ... Individuals must have performed above and beyond the expectations of their assignment position." For the complete story, please visit the link provided below. Winners of the STAR Award receive a framed certificate, a reserved parking space for one month, and a gift from University Books & More.

APRIL

Terri Wouts—Academic Department Associate in Philosophy Department

Nominated by: Laurence Carlin—Chair of Philosophy Department

Special Event or Accomplishment: Exception service to department during move from Polk Library to Clow Faculty during summer
<http://www.uwosh.edu/today/17929/philosophy-department-associate-receives-april-star-award/>

MAY

Sarah Polzin—Center Aid at UW Oshkosh Head Start

Nominated by: Janet Thorn—Early Childhood Manager at UW Oshkosh Head Start

Special Event or Accomplishment: Dedicated, positive, and hard working employee—very positive and helps wherever needed with children and program
<http://www.uwosh.edu/today/18528/head-start-team-member-earns-may-2012-star-award/>

JUNE

Carol Botz—Administrative Assistant in College of Education and Human Services

Nominated by: Dr. Janet Hagen—Human Services Leadership Faculty

Special Event or Accomplishment: Commitment and can-do attitude to help department, always willing to generate ideas in the spirit of teamwork. Dedication to prison program for student facilitators and prisoners.
<http://www.uwosh.edu/today/19399/coehs-administrative-assistant-earns-june-2012-star-award/>

JULY

Mary Eiden—Academic Department Associate for Social Work

Nominated by: Elisabeth Schettler—Associate to the College of Nursing

Special Event or Accomplishment: Constant, positive and energetic point of contact, great mentor, skill in managing undergraduate, graduate, and collaborative program.
<http://www.uwosh.edu/today/19671/social-work-academic-associate-earns-july-2012-star-award/>
