

How to Request Military Tuition Assistance

Service Members need to speak with their Educational Services Officer (ESO) or counselor within their Military Service prior to enrolling in the institution. The Department of Defense (DoD) Tuition Assistance (TA) program provides financial assistance to Service members for voluntary off-duty education programs in support of professional and personal self-development goals. TA is available for courses that are offered in the classroom or by distance learning and are part of an approved academic degree or certificate program. The courses must be offered by schools that are recognized by the U.S. Department of Education and are signatories to the current DoD Voluntary Education Partnership Memorandum of Understanding (DOD MOU).
