

Meeting Types

Configuration Guide for Staff

What Are Meeting Types?

Meeting Types previously existed as a post-appointment field selected on the appointment summary. This field allowed staff to indicate how they met with students during an appointment. In the upcoming release, we are integrating Meeting Types into Staff Availability configuration and the student scheduling workflow. This allows students to indicate how they want to meet with Staff for appointments.

How Do I Add a Meeting Type to My Availability?

Go to **Staff Home** → **My Availability** tab.
